COYOTE

Theme

While serving, sacrificing, and courageously keeping our chins up, we, the students of WFSH, have gone about our task of winning the war, believing that along with the seriousness of our undertaking, we have been, and must continue to be, cheerful and gay. In the interest of morale, therefore, the 1944 Staff has stressed, in addition to the achievements and activities of the year, the lighter phases of school life, with the sincere hope that the boys and girls who are soon to leave for the armed service or defense work may carry with them a happy reminder of school life—days crowded with football games, contests, dances, fun and laughter, which will make them determined more than ever that these little things which make up the American Way of Life be preserved for posterity.

Dedication

Seldom are found exemplified in one man all of the finer virtues. Yet in Mr. A. K. Presson these attributes were so happily blended that one was conscious not so much of the qualities themselves as of the harmonious personality of this beloved man.

Loyalty—to his friends, his school, and his country.

Courtesy—Exquisite regard for the problems, however small, of teachers and students alike.

Sportsmanship—a high sense of fairness in dealing with all types of people, and a true love of all forms of sports.

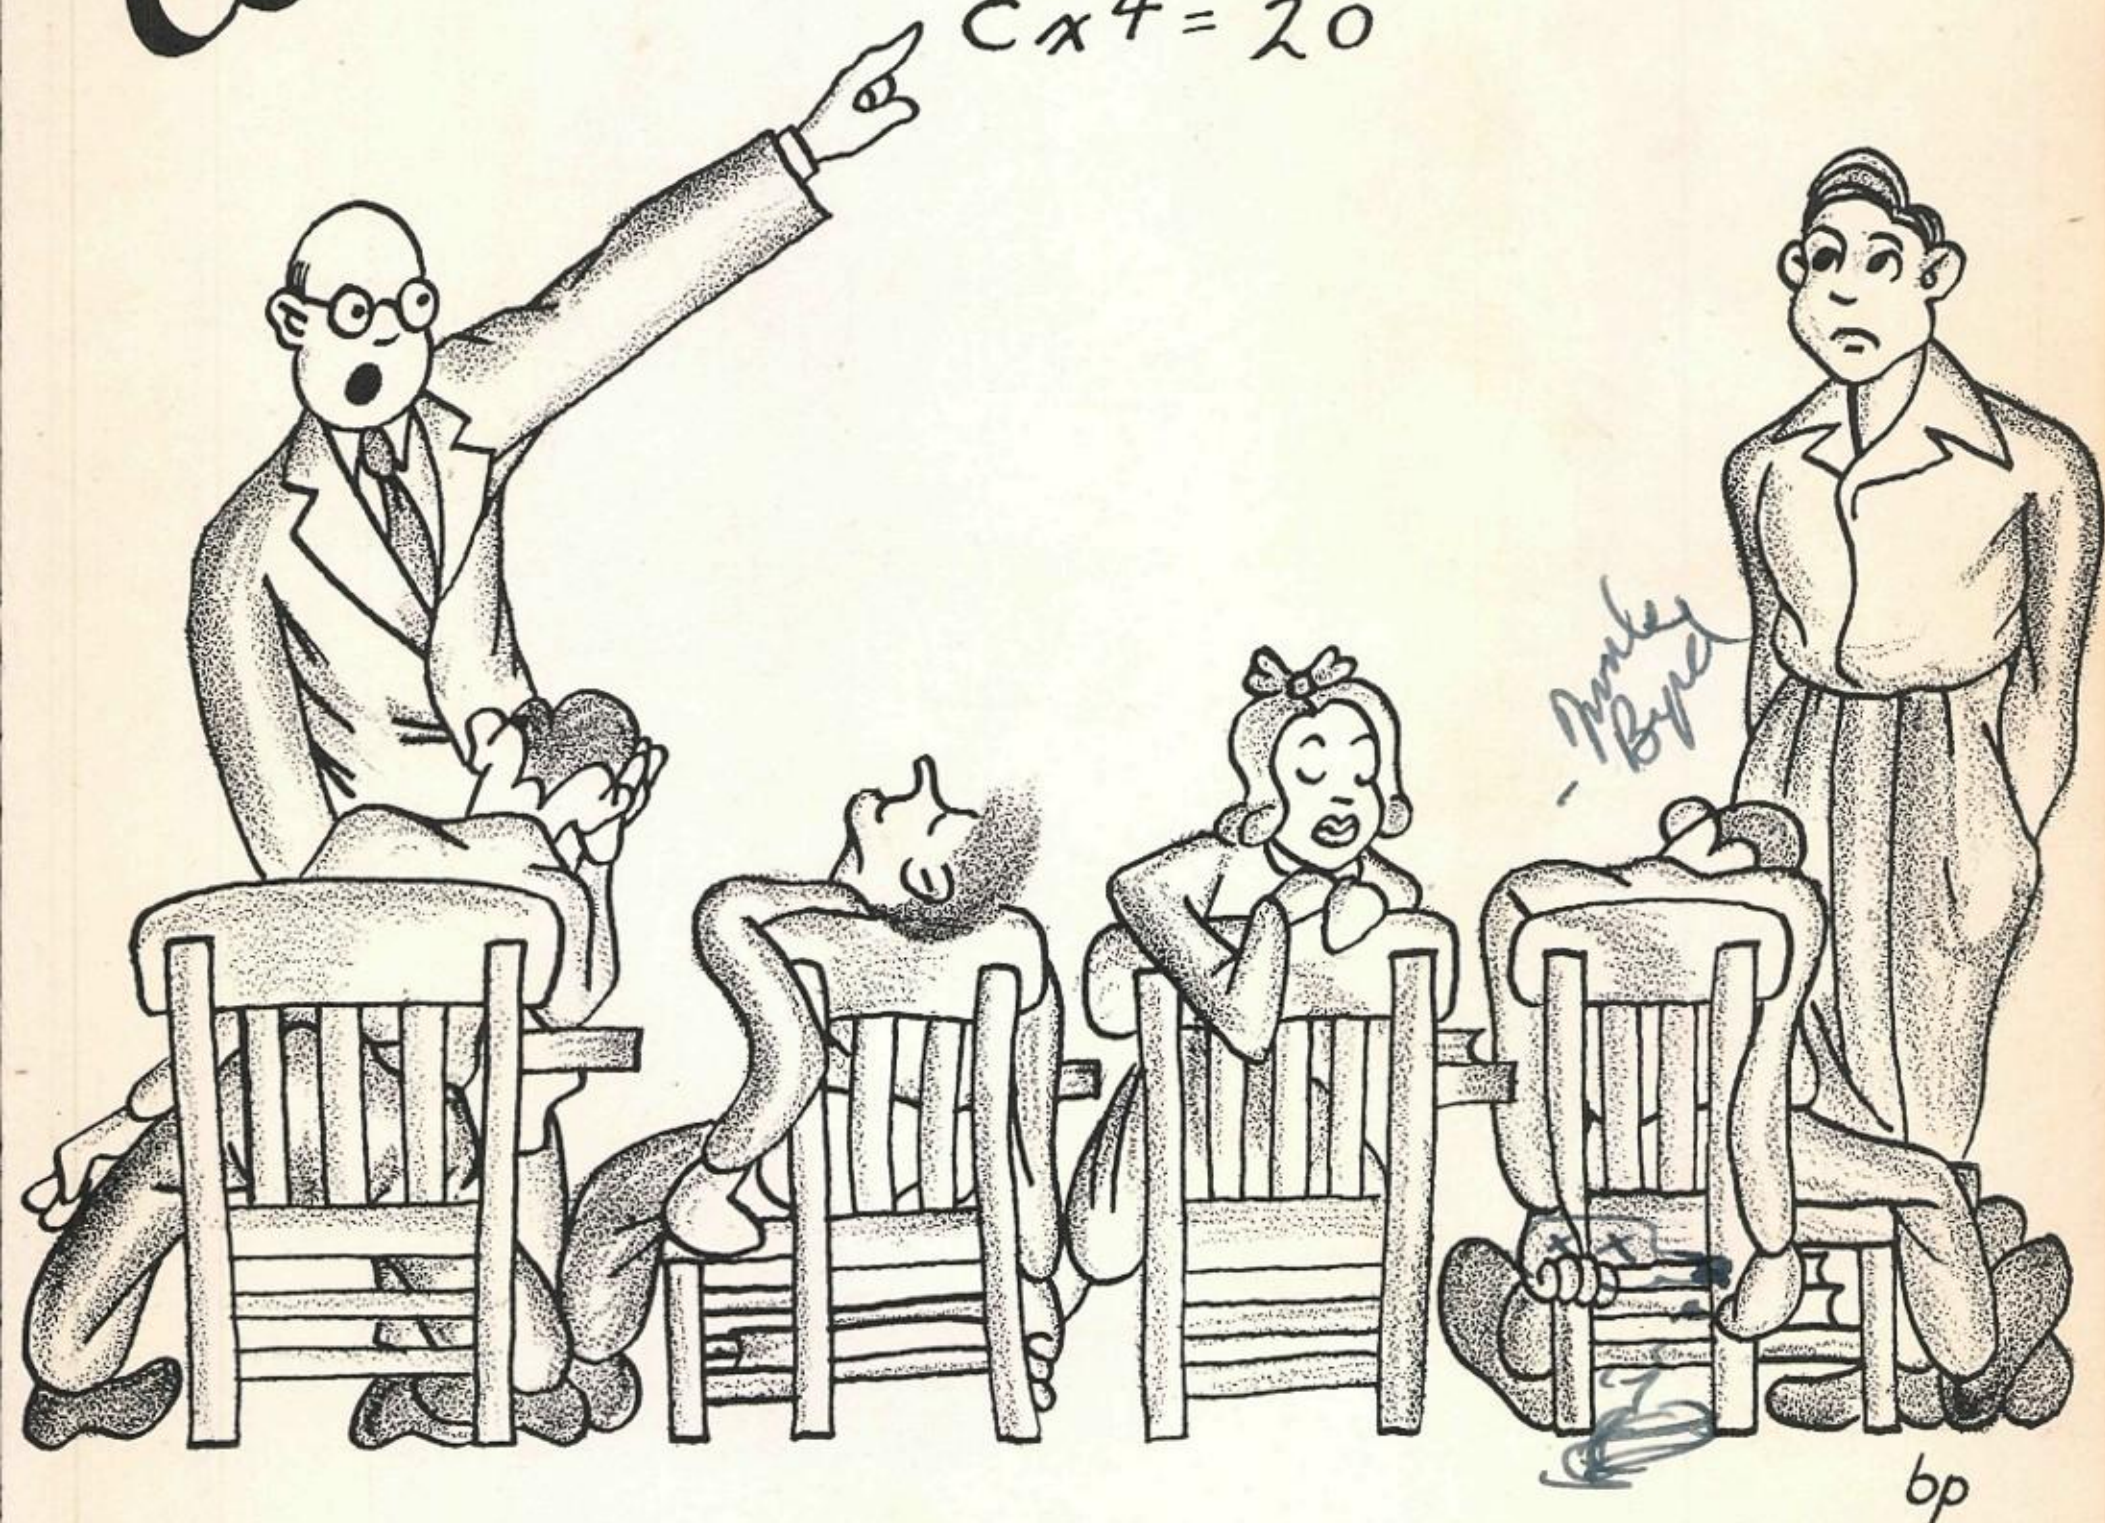

Scholarship—a deep appreciation of all cultural attainments, his own record one of the highest ever made in his university.

Friendliness—a cheerful alert interest in every living being, and a consistent buoyancy of spirit that was irresistibly infectious.

It is not the wish of the staff, nor would it be his, that this page mar the cheerfulness of this book; it is fitting rather that the 1944 COYOTE be dedicated to a person whose spirit of happiness and friendly helpfulness be fondly remembered by students and faculty long after this book has been forgotten.

High School Accepts Certificate for Flag

G. A. Reaves has recently received the war bonds and stamps certificate which signifies that 90 per cent of the students of WFSH have bought war bonds and stamps. Mr. Reaves also stressed the fact that at least 90 per cent of the students must buy at least one ten cent stamp every month to allow the flag to be flown the following months. Among the signers of the petition are Nathan Adams, State Chairman; J. H. Ramsey, Jr., State Administrator and Henry Morgenthau, Jr, Secretary of the Treasury. Another interesting outlook concerning this all important sale is the entire total of the school year. Bond and stamp sales have reached \$24,391.75.

Never before have such radical changes been made in governments, policies, populations, and maps. Nevertheless, basic geography and history are the same; races and problems have not changed. Mathematics

All important subjects of the curriculum have been stepped up to meet the demands of a highly mechanized age. Particularly is the study of mathematics a vital part of the present educational program. Courses in mathematics prepare the student for college, for the armed service, for defense jobs, and for post-war industry.

Mathematics

Two years of algebra, plane and solid geometry, advanced and commercial arithmetic, and trigonometry all help students in getting a foundation useful in navigation, artillery, aeronautics, aerial photography, and engineering. There seems to be a more determined effort on the part of the students to master the fundamentals of these courses; hence the mathematics classes are well attended.

For the students who are interested in the study of electricity and sound, the science department offers a comparatively new course in radio. The boundless possibilities of this class, combined with the intense interest of the students, makes it a very progressive subject.

Studying the needs of a post-war world and the problems of readjustment in the home has been one of the chief projects of the homemaking classes this year. Realizing that people must be clothed and fed and that community life must be re-organized to meet new living conditions, the girls have taken their work seriously.

Health and Physical Education

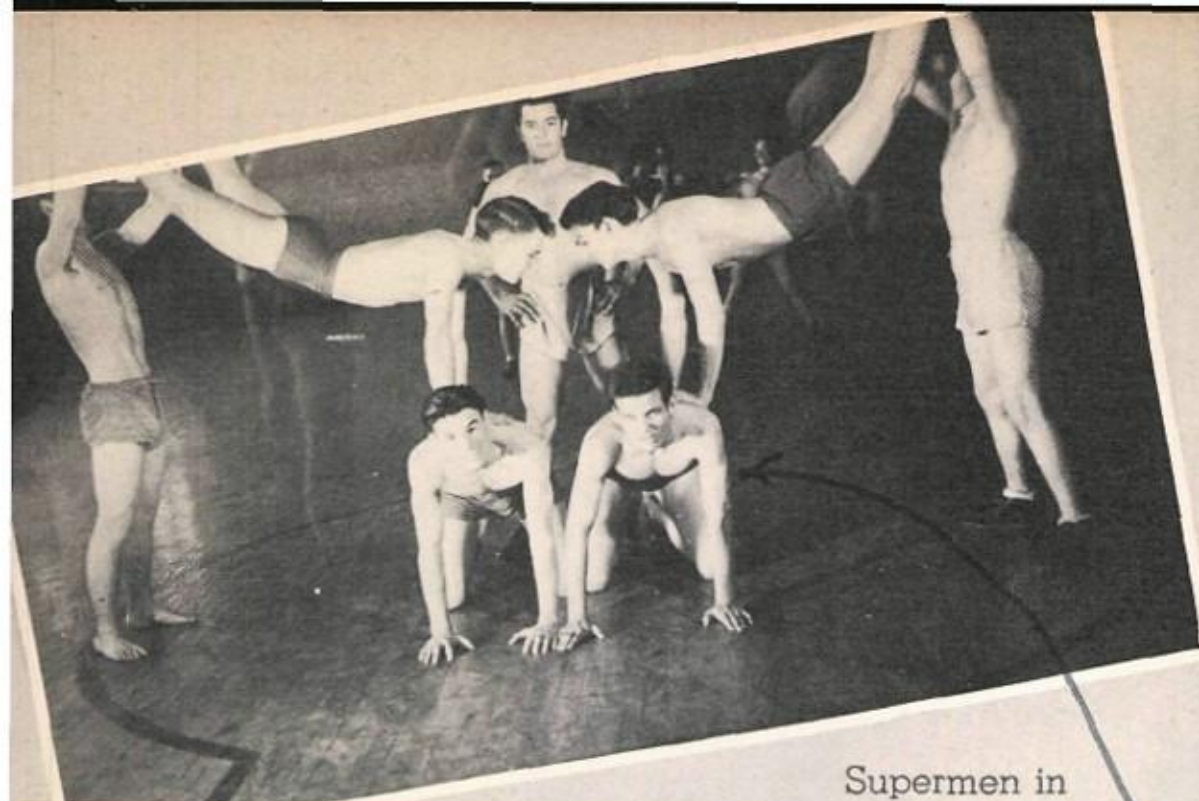

The girls' gym instructors look after not only the physical education of the girls, but they make a careful check-up on the health of the students individually. The girls learn teamwork, what it means to participate in group activities. More and more is stressed the importance of a rigid, disciplinary program for girls as well as for boys. Girls go into vital war production plants which necessitates strong, healthy bodies.

Health and Physical Education

Never before in the history of education has there been so much emphasis placed on the physical fitness program for boys. The strenuous exercises given in the gym and on the athletic field are only a miniature replica of the more drastic war program which will come later in the lives of almost all of our high school boys. The instructor very capably handles all of the necessary instructions and orders for making well-trained athletes.

Dear Kris,
I've had so
much fun being
in your class this
year. I'll never forget
Journalism and those
wonderful jokes you put
in "Exchange". I hope you
always get what you
want in life.

Maintaining order in the halls, assisting students and teachers, and aiding generally in all disciplinary problems connected with passing lines make the corridor assistants' job one of vital importance.

Students chosen for this honor must maintain certain standards, such as high scholastic grades, ability to get along with others, and an aptitude for taking as well as giving orders.

Besides aiding the librarians in checking and shelving books, members of the library group assist new students in finding material on theme subjects and in locating books for reports of all kinds. Not only is their help invaluable to others, but the student assistants themselves gain valuable experience which they can later use in college.

The entire school is indebted to Mr. and Mrs. C. W. Snider for the many books they have so graciously donated.

Student Sponsors

A group of students is chosen each year through the recommendations of the faculty to serve as Student Sponsors. This organization, directed by Miss Helen Grace Gould, helps the new students entering W.F.S.H. to become adjusted to the different conditions as quickly as possible. It is the obligation of a Student Sponsor to pass on his knowledge of school life and to be dependable, cheerful, and courteous in every instance.

The Hi-Y is a group of thirty responsible boys in the high school who try to carry out the Hi-Y purpose: "To create, maintain, and extend throughout the school and community high standards of Christian character." The Hi-Y uses democratic methods to elect officers who carry on the working plans of the organization.

The 4-H Clubs have a very definite purpose in our war program, that of furnishing more meat and vegetables for the home front. Each boy in the club is given a definite assignment for the year, and he works to accomplish that objective. Some boys choose to raise beeves, while others have their vegetable gardens.

The Home Room Representatives, a comparatively new organization, is a highly important one. The club consists of representatives from all the rooms who meet to discuss the students' viewpoints. This year the main objective has been to interest students in buying war stamps and bonds and to boost 100% participation by rooms.

All problems concerning the rules and regulations have been discussed freely in these meetings and suggestions presented by the group have later been put into execution by faculty members. Socials during the year have served to promote harmony among the members.

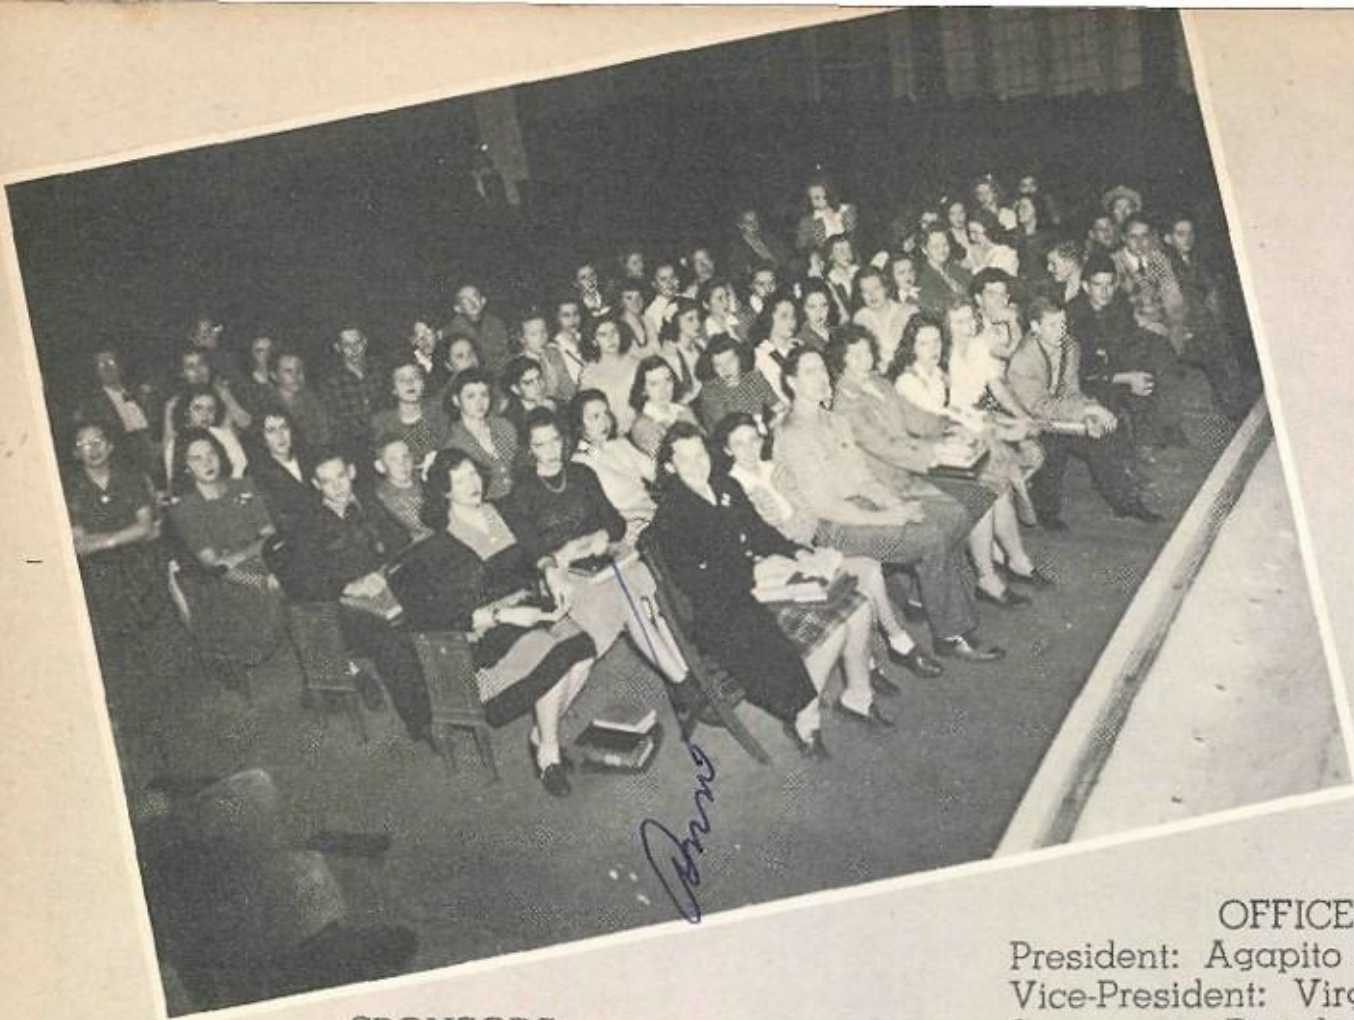

Honor Society

Membership in this small, but exclusive, group is determined by scholarship mostly. Anyone who is fortunate to be included in his junior year is recommended by the faculty after he has made the coveted grades necessary for entrance. Since the society is made up largely of seniors, and their grades are not averaged until the latter part of the school year, this group remains comparatively small. Miss Pauline Shirley is sponsor.

Spanish Club

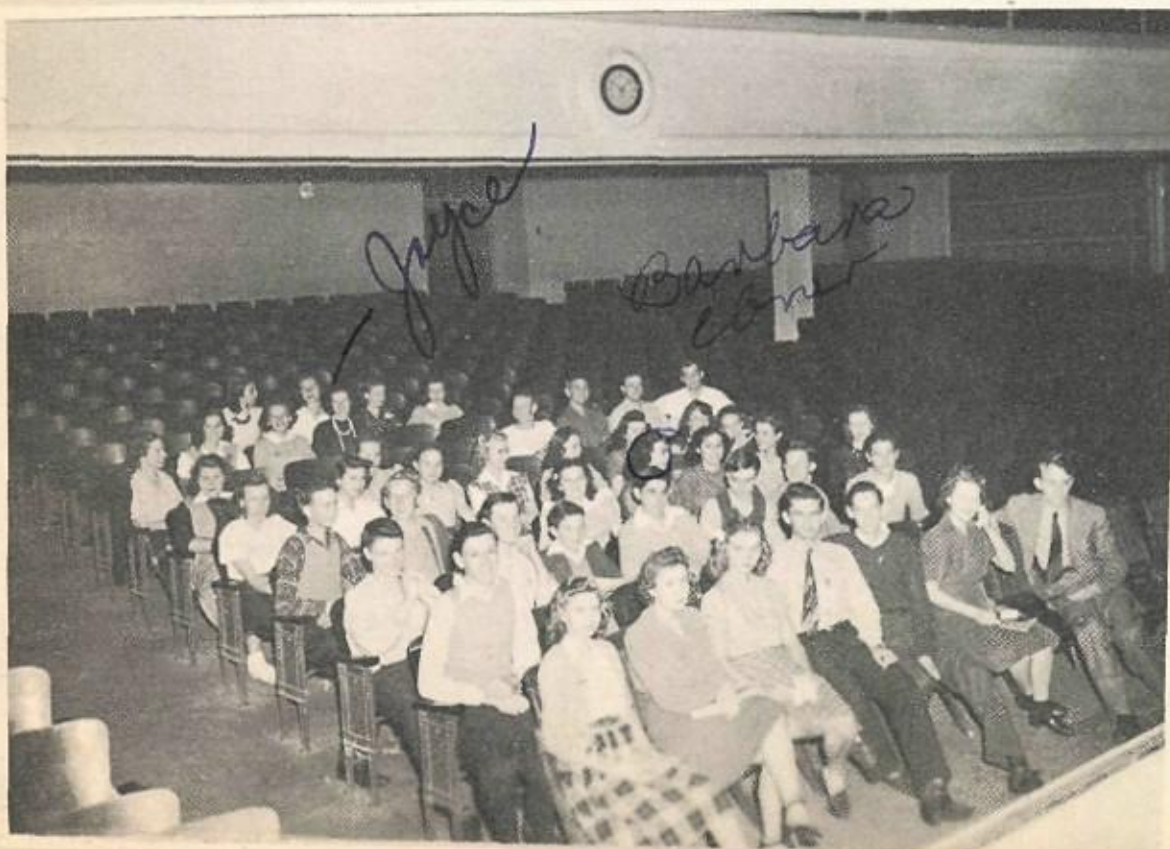

Students of Spanish realize as never before the valuable part they can play in the promotion of Inter-American understanding and cooperation now as well as in the future. Our Spanish Club programs this year have been based on the fact that the study of the Spanish language has ceased to be a passing fancy and has now become a vital necessity in uniting more firmly the three Americas.

Gens Romana chooses a course of study each year. This year the members chose to follow our soldiers through their campaigns from Africa across the Mediterranean to Italy and on to Rome. Thus the members have renewed acquaintance with or have, for the first time, learned about such well-known places as Carthage, Mare Nostrum, Scylla, and Charybdis, the Appian Way, and the Eternal City.

Girls Gym

The Girls' PE Leaders' Club was organized several years ago for those girls who were selected in each class as outstanding gym students. Qualifications for this club are leadership, sportsmanship, and skill as leaders. This year the club has had other duties besides working and instructing; it has sponsored several social functions.

Boys Gym

This group, as an organization, does not function, but, as individuals, it does much to promote harmony and order in the gym classes. Two leaders and four to six squad members constitute the organization in each of the gym classes. The squad leaders are in charge of about six boys. The class leaders merit their position as leaders because of their qualifications as leaders and their high attendance records. Mr. Frazee is the sponsor of this important group.

Civics Forum

Since civics is a beginner's course in citizenship, the Civics Forum is a further development of citizenship. Its aim is to give the students of all civics classes an opportunity to discuss national and local problems. It furnishes practical application of lessons learned in civics. At monthly meetings different ideas are expressed by students, teachers, and speakers.

Music Club

A very active club in WFSH that belonging to the music department. The purpose of this club is to promote a better understanding and appreciation of music. One of the many worthwhile achievements of this club was the donation of victrola records by the members. Club members enjoyed their social gatherings as well as their class work. The Valentine party was especially well attended. Interest among the club members and cooperation have made this club worthwhile this year.

TED JEFFERIES
Head Coach

Coach Ted Jefferies has once more completed a season of service for WFSH. His easy ability to handle the boys accounts for his long standing successes. Though he was unfortunate with his championship team this year, his popularity among the boys remains the same.

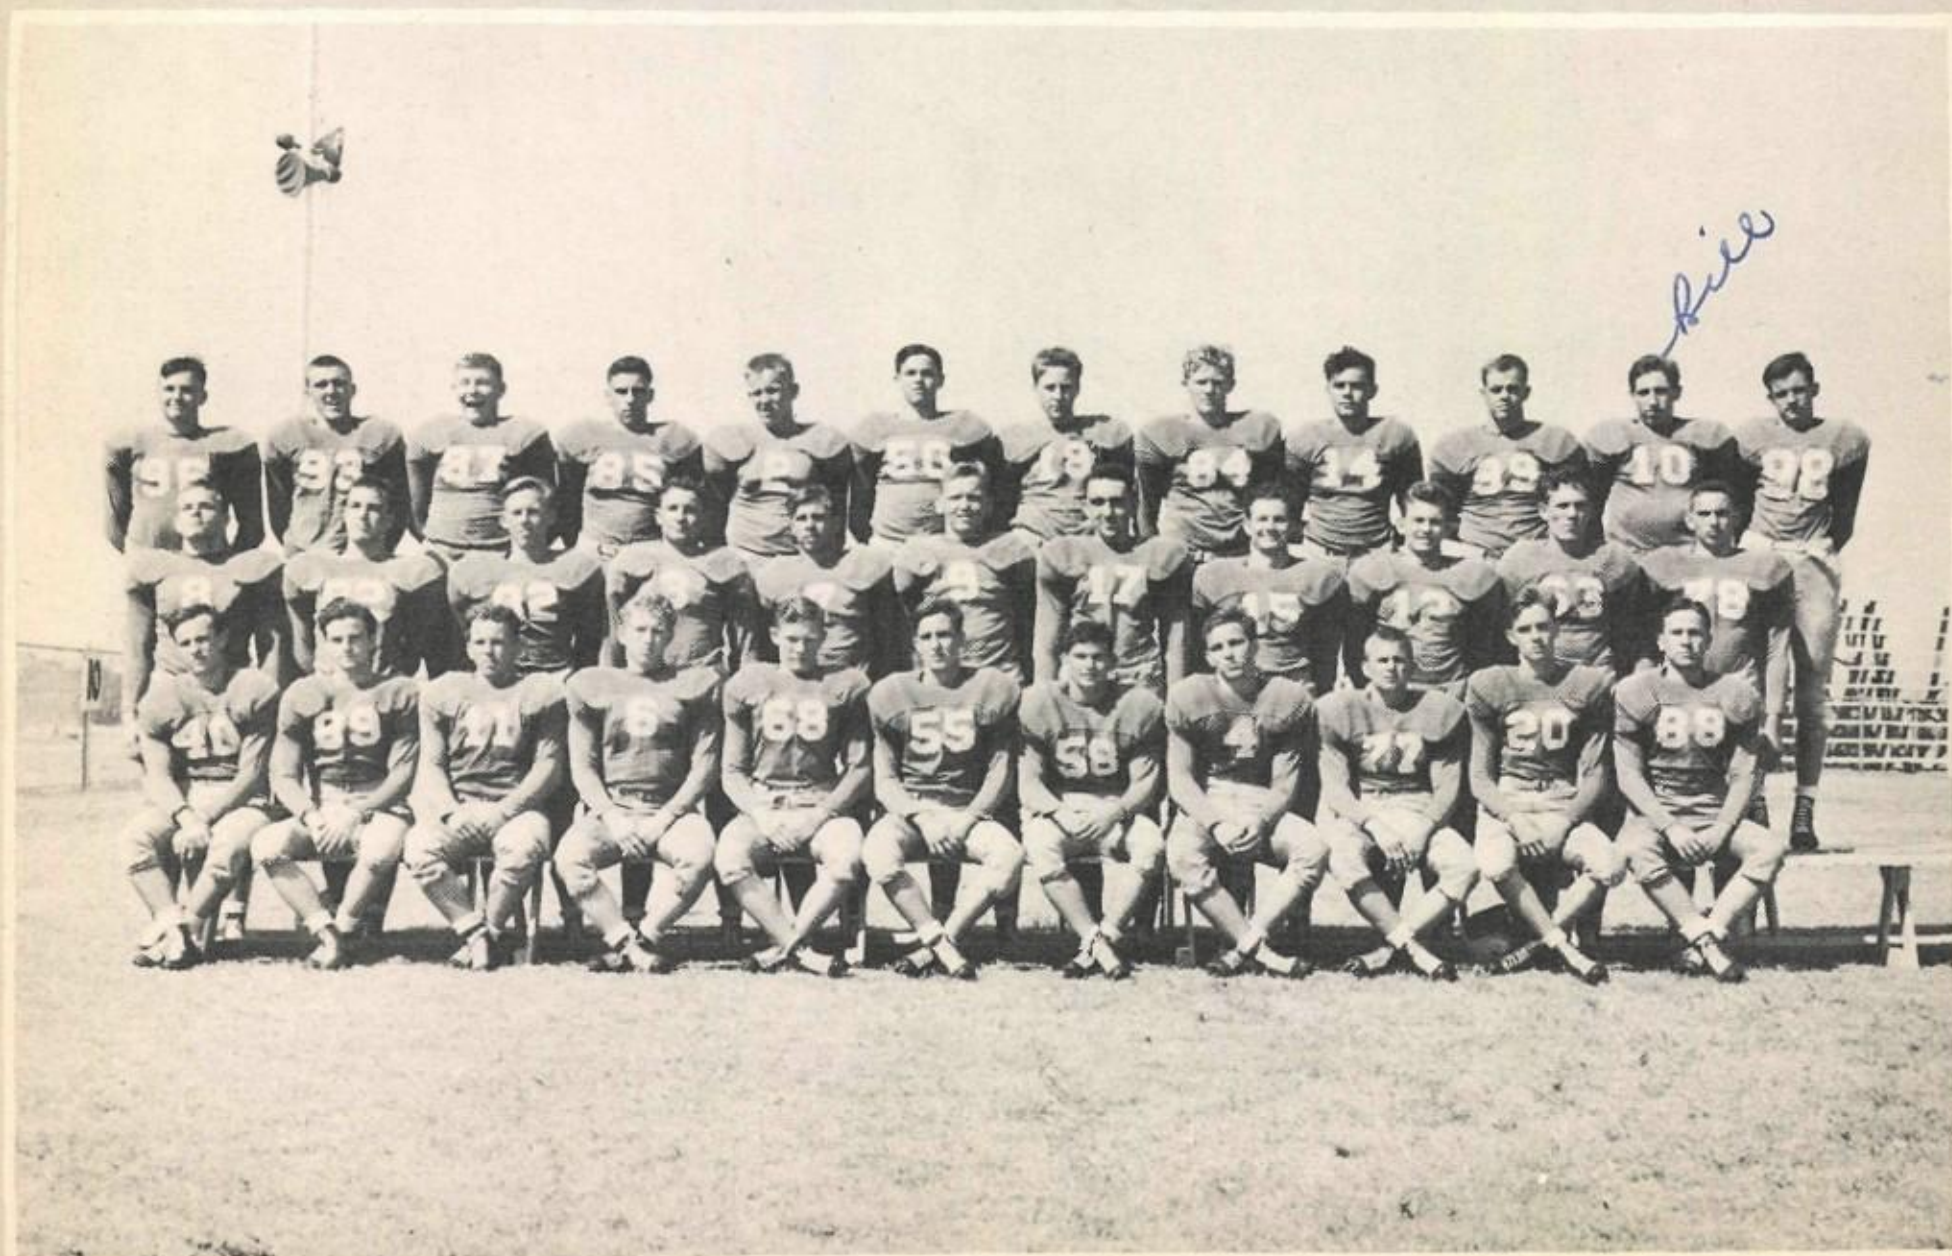

Bill Allen, who has been one of our most popular coaches, has been called to service. Not only will he be missed on the football gridiron, but he will be missed by the basketball squad as well.

REECE WEST

JOE SHERRILL

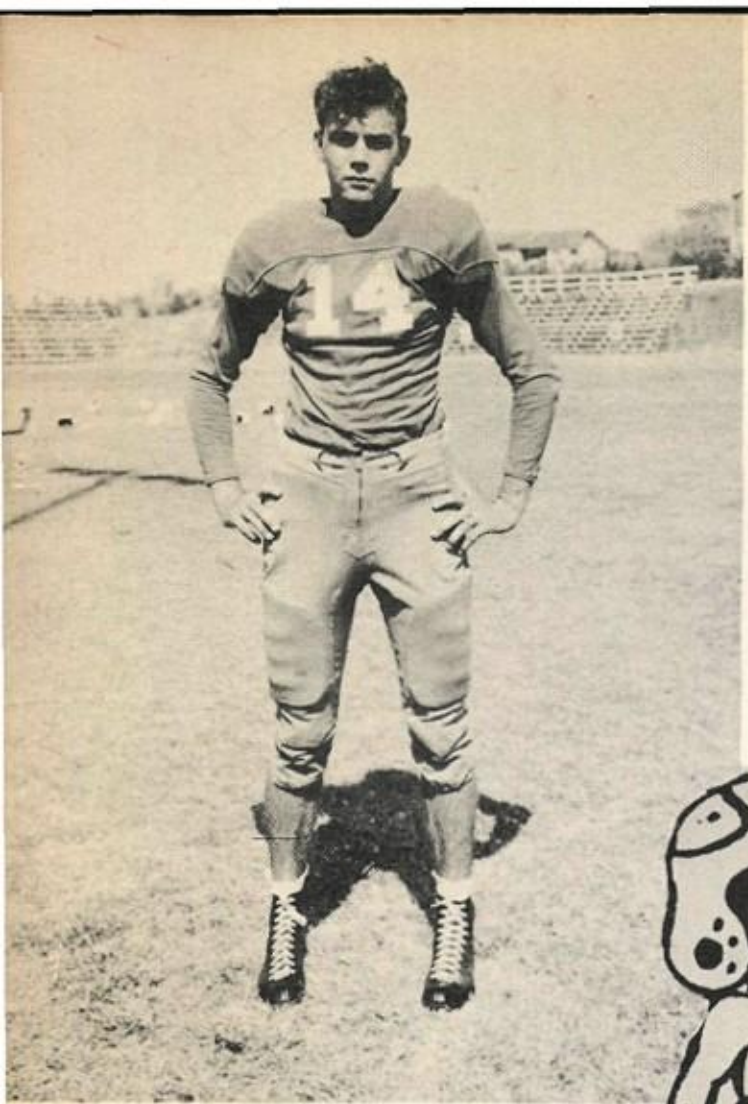

THE COYOTE MANAGERS

Much credit should be given to the managers of the Coyote team. They have faithfully seen that the football equipment had care and that all injured boys were looked after. Reece, Bobby, and Joe have more than earned their letters.

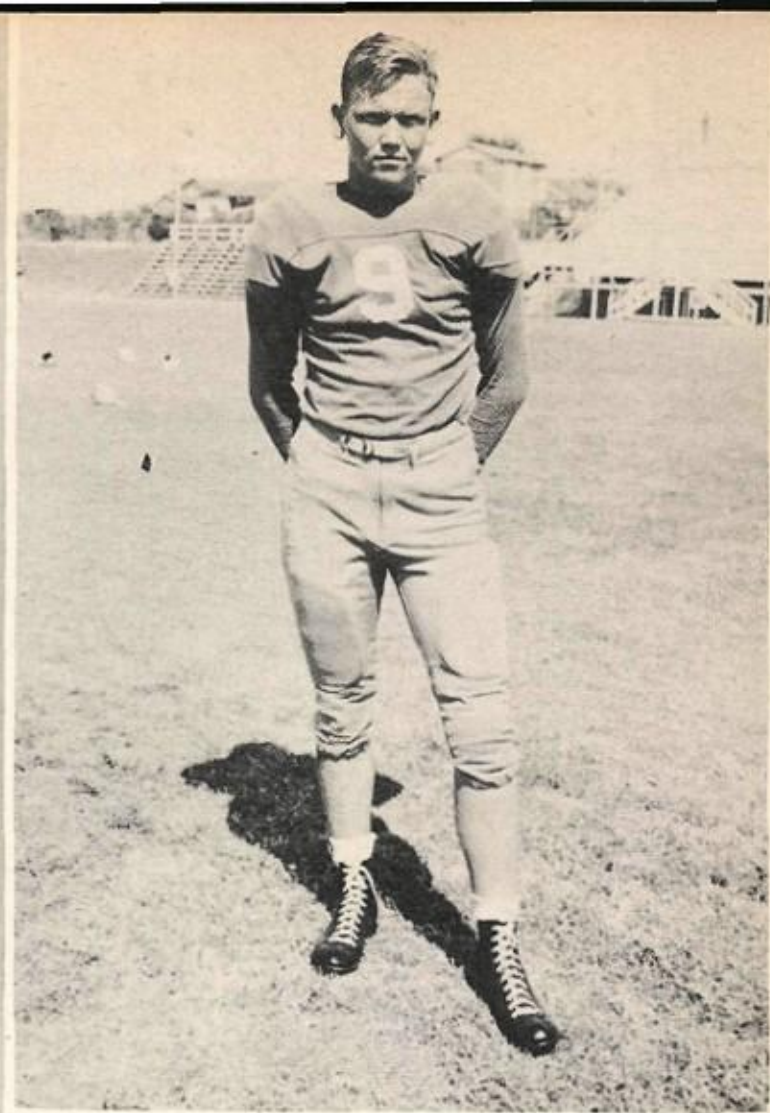

BETTY SCHEURER

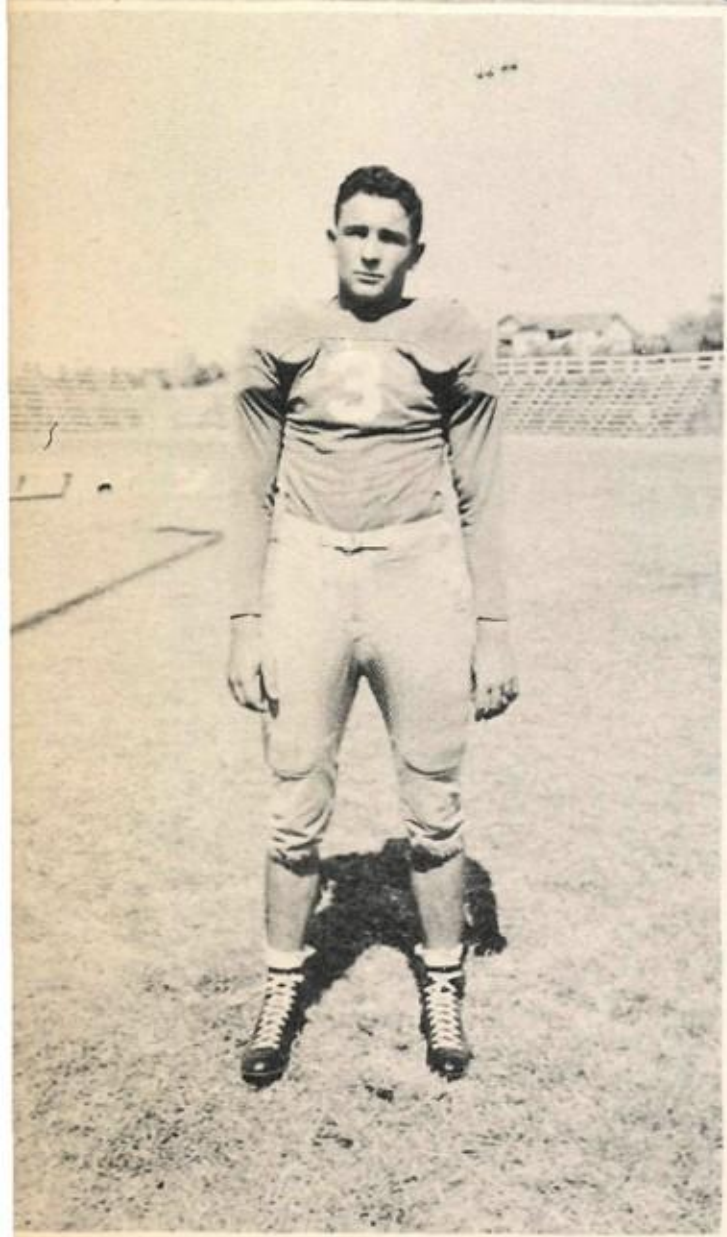

On the bench to cheer the boys was Betty Scheurer, '43 Football Queen. Betty was a staunch supporter of the pack this season.

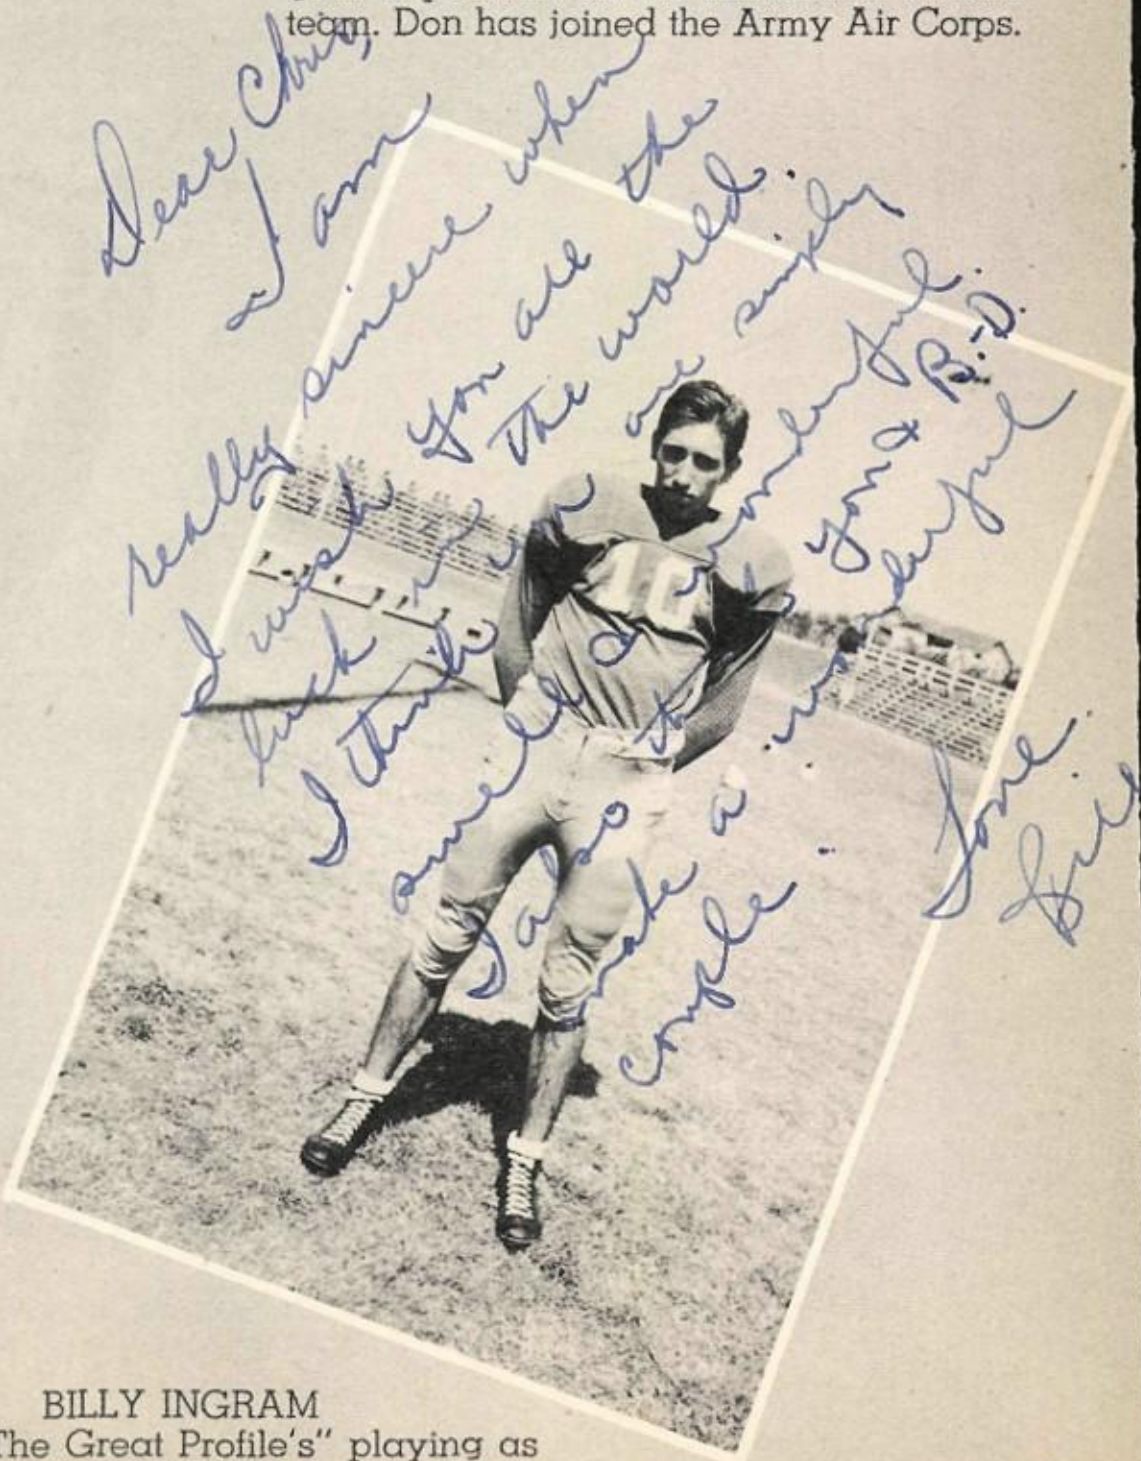

RALPH GRIFFIS
As full-time end, "Nigger" showed good playing in his defensive plays. He is now with the Merchant Marines.

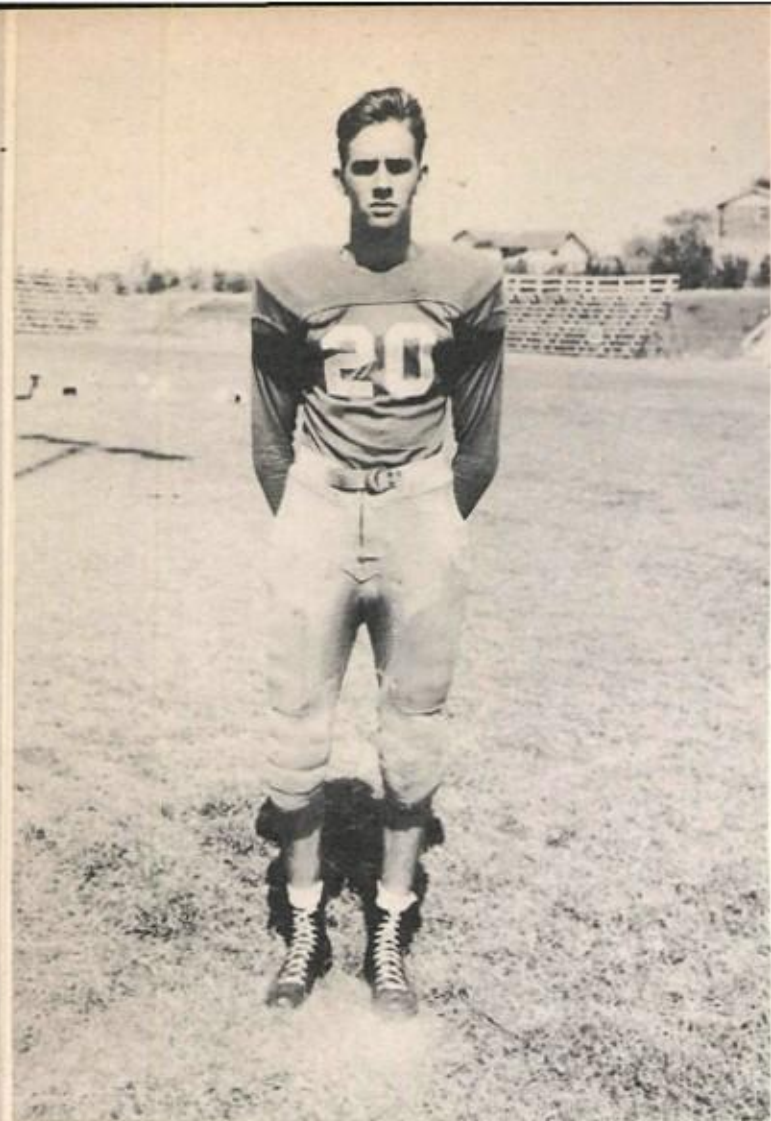

DON FRAZEE
After being moved to end position, "Happy Dan" showed his colors well enough to gain a position on the All-District second team. Don has joined the Army Air Corps.

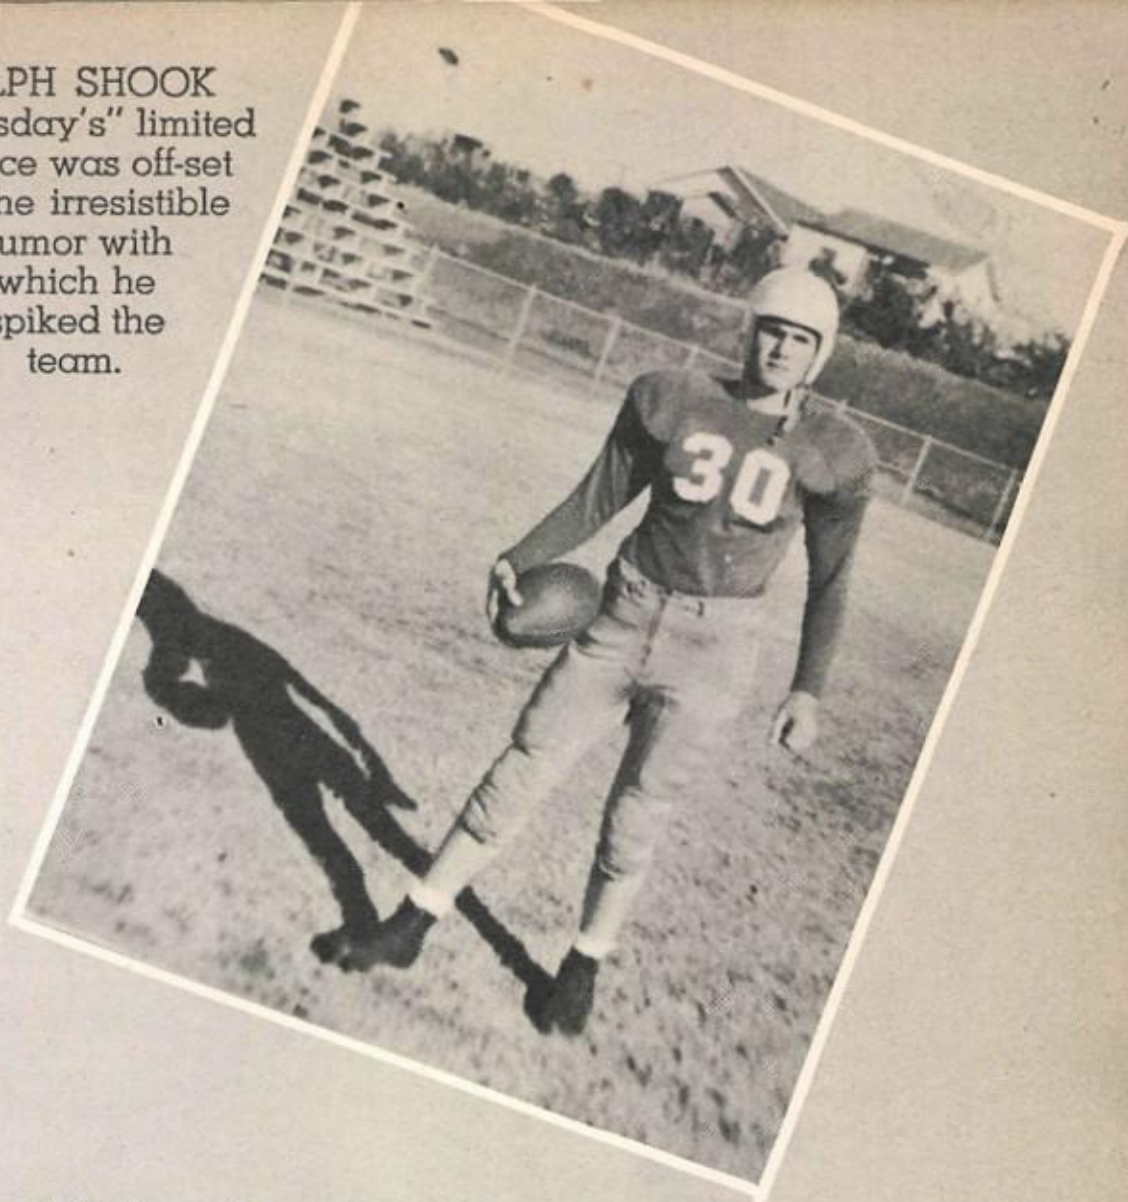

DON TILLMAN
As a regular, Don showed great sportsmanship this year. In the tailback position, he started many touchdowns rolling.

BILLY INGRAM
"The Great Profile's" playing as reserve end will hold him in good standing for next year's team.

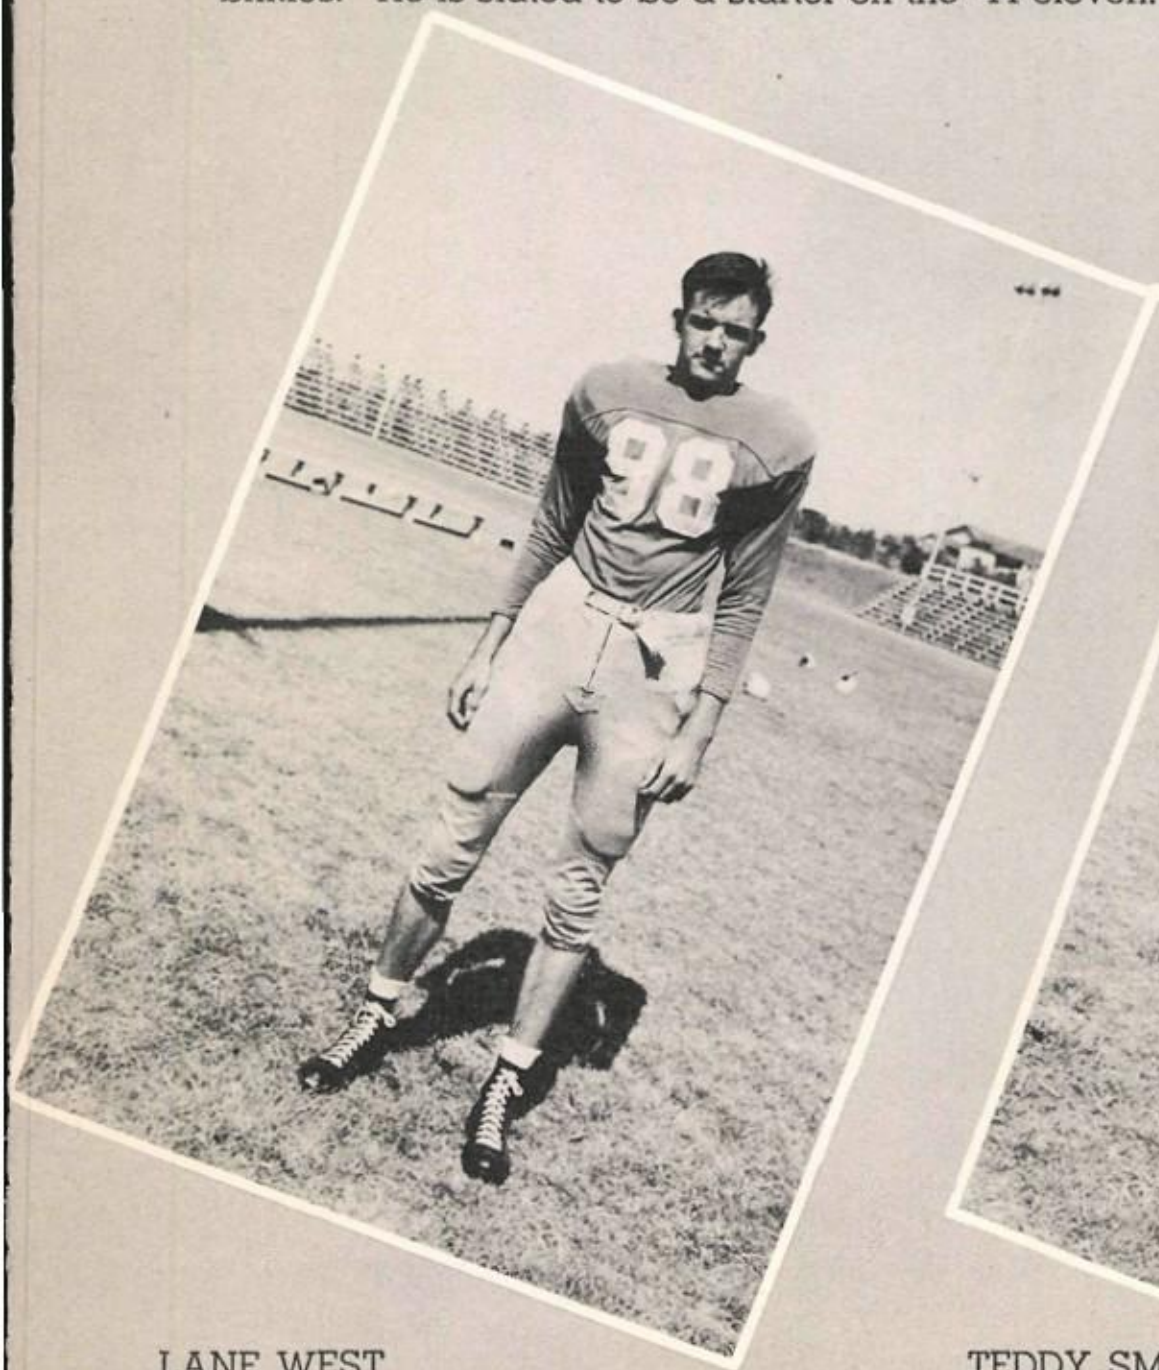

RALPH SHOOK
"Thursday's" limited service was off-set by the irresistible humor with which he spiked the team.

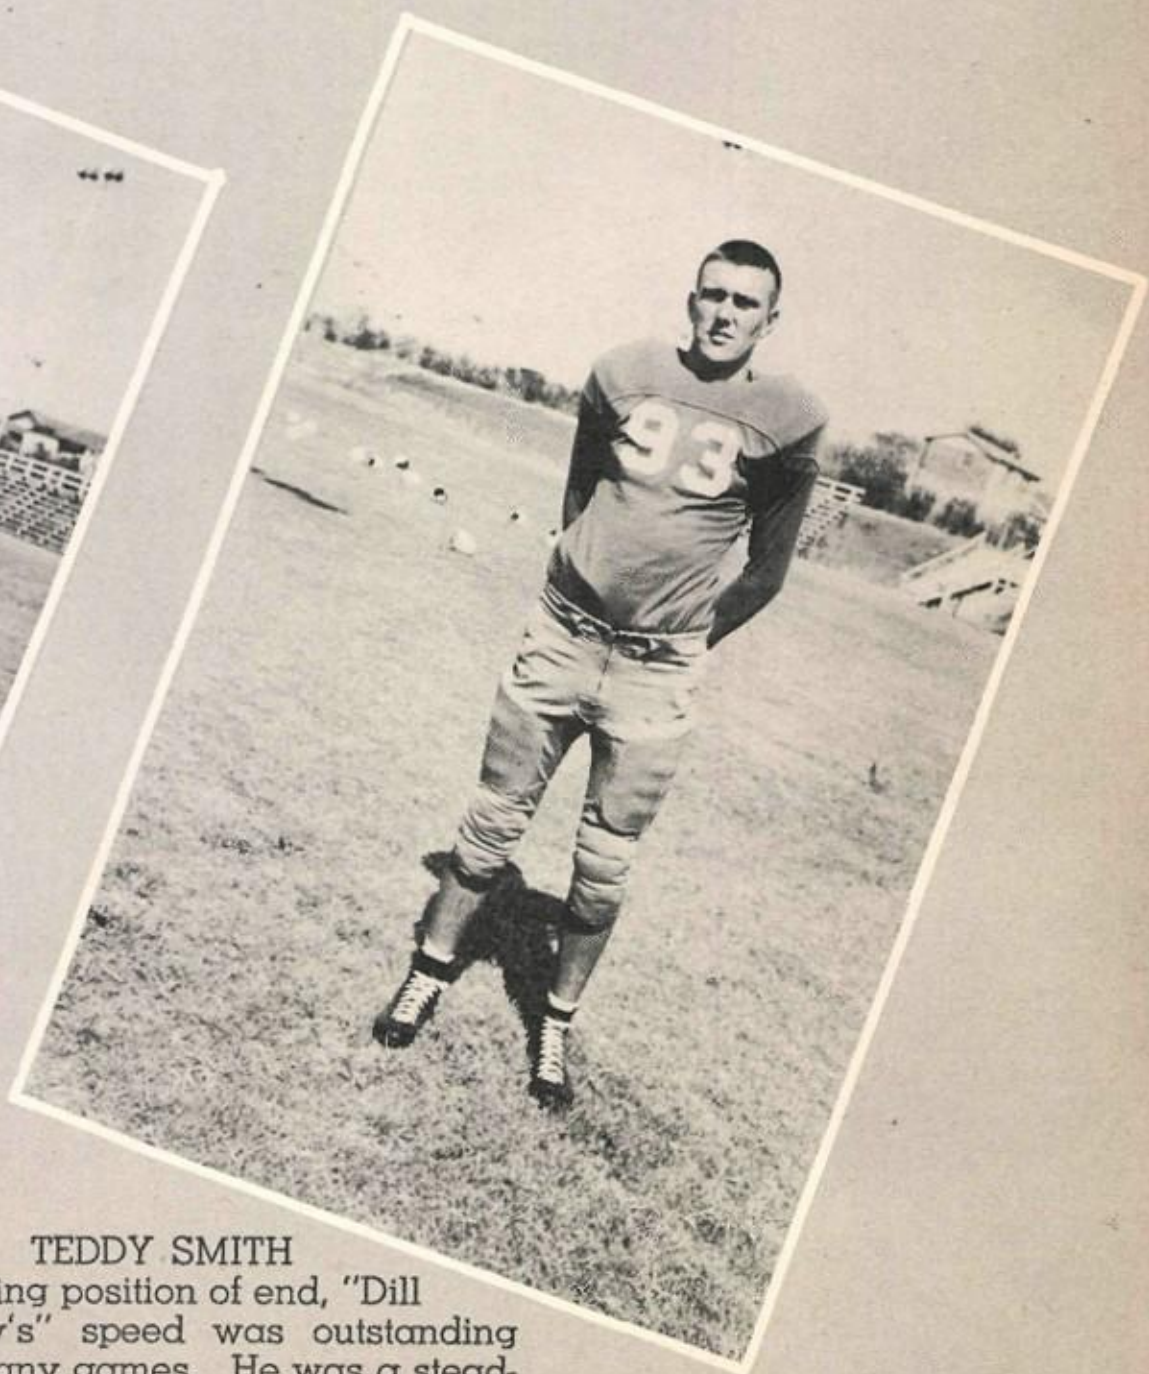

PAT McCULLOUGH

As a reserve during the '43 season, "Speedy" showed great possibilities. He is slated to be a starter on the '44 eleven.

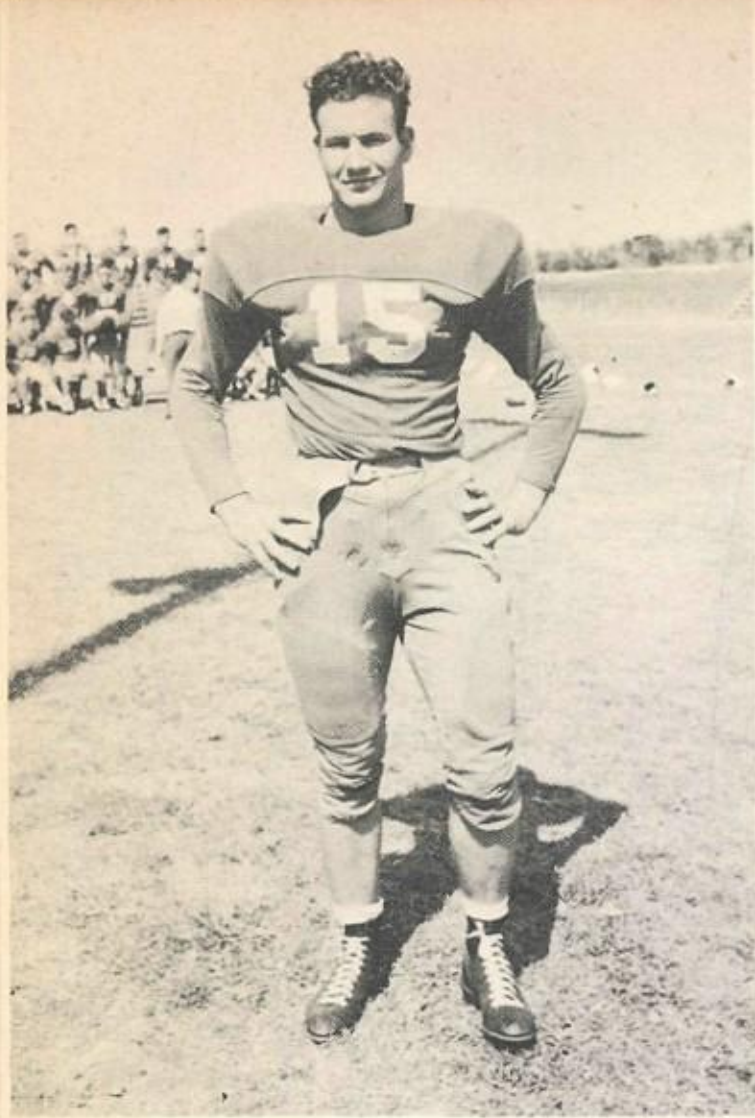

LANE WEST

Having seen a good deal of service this year as end, "Mousie" will be an important cog during next year's season.

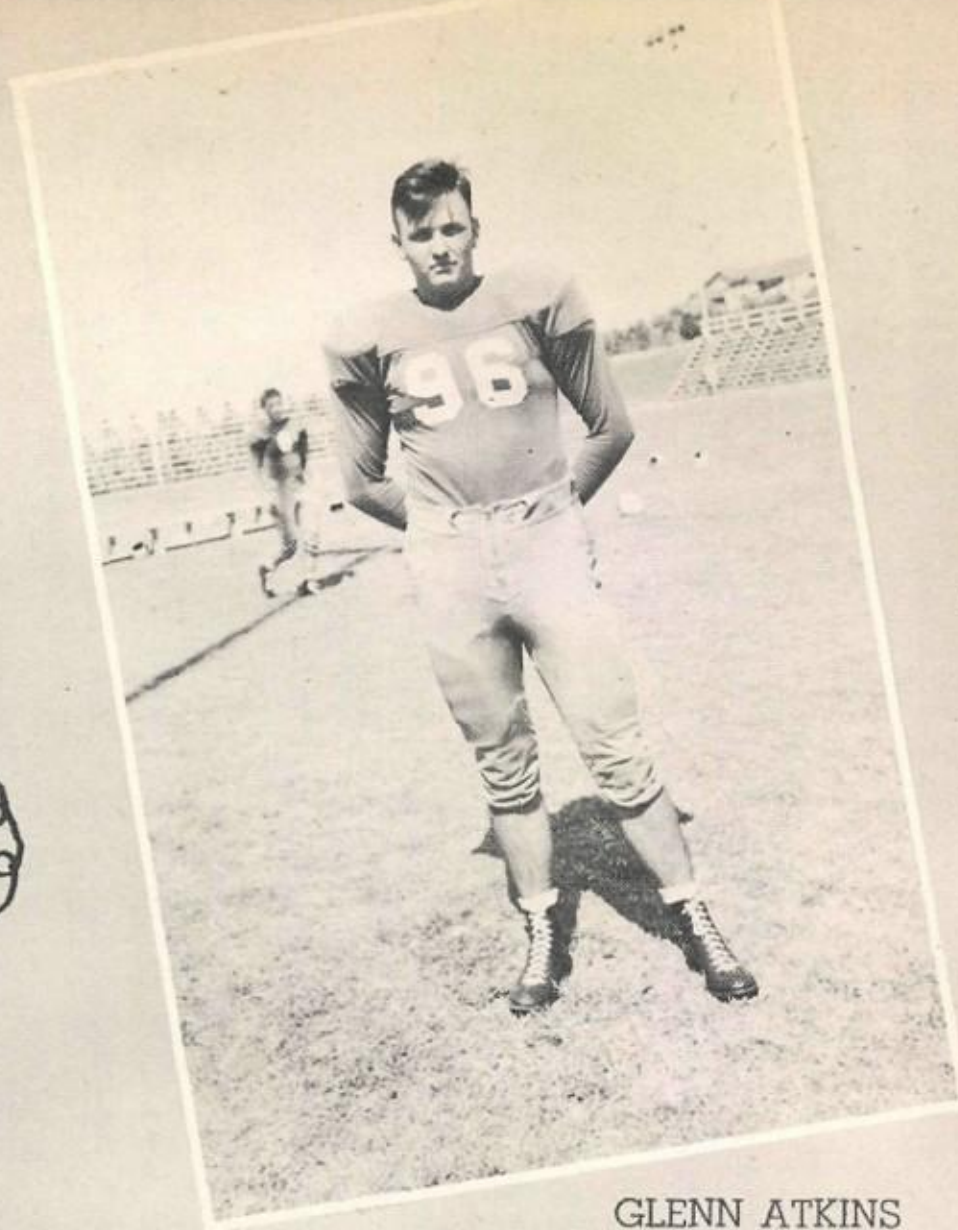

TEDDY SMITH

Playing position of end, "Dill Berry's" speed was outstanding in many games. He was a steadfast player for the '43 pack.

CECIL HARPER

Playing his third year as an aggressive guard, "Daddy" won for himself a place on the first all-district eleven.

GLENN ATKINS

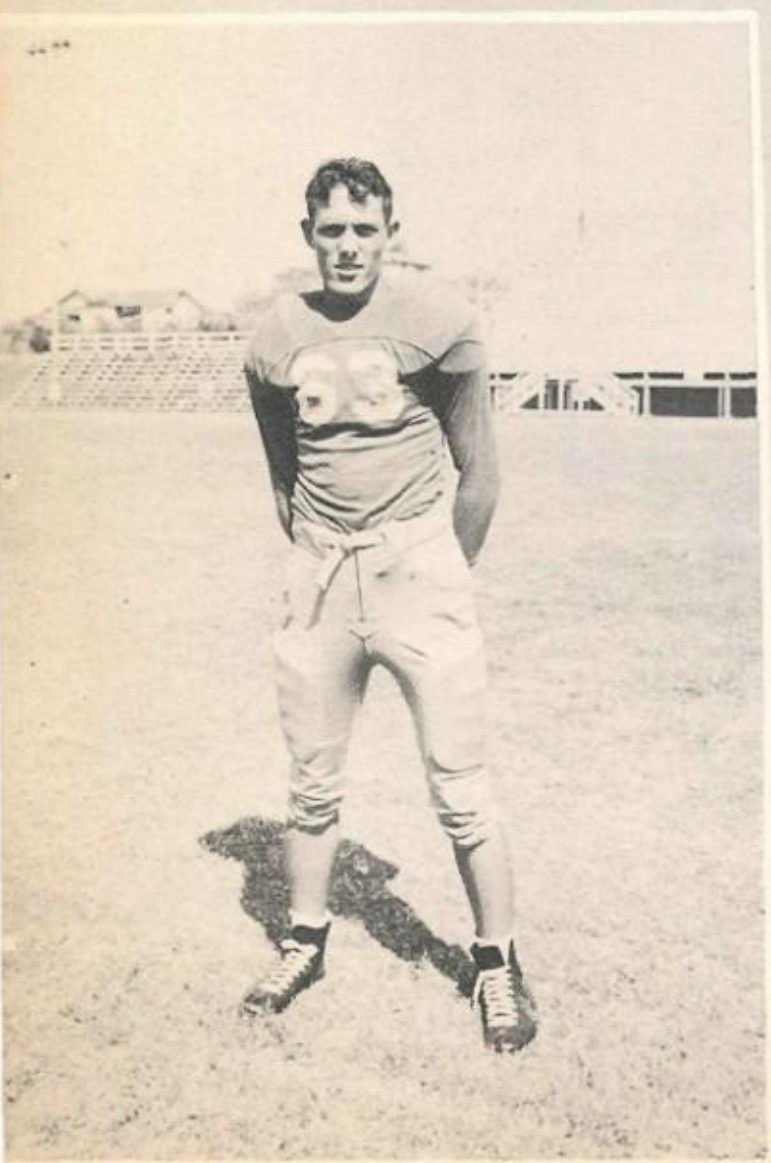

As a guard and tackle, "Jug" showed marked possibilities. He should earn a regular slot on next year's team.

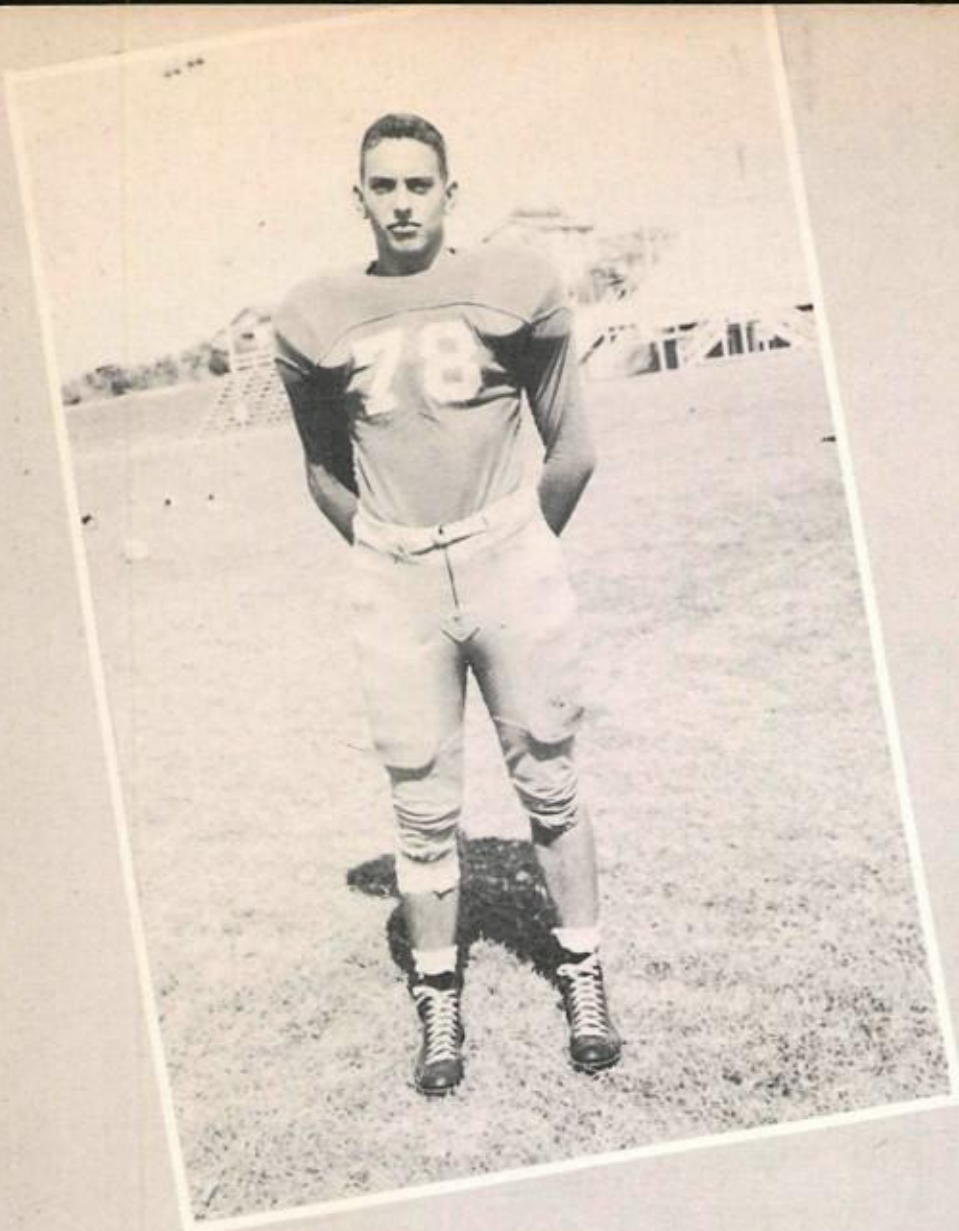

BILLY C. SMITH

Billy Carroll earned a good place as a reserve guard. He showed outstanding sportsmanship throughout the season.

HERMAN BALCH

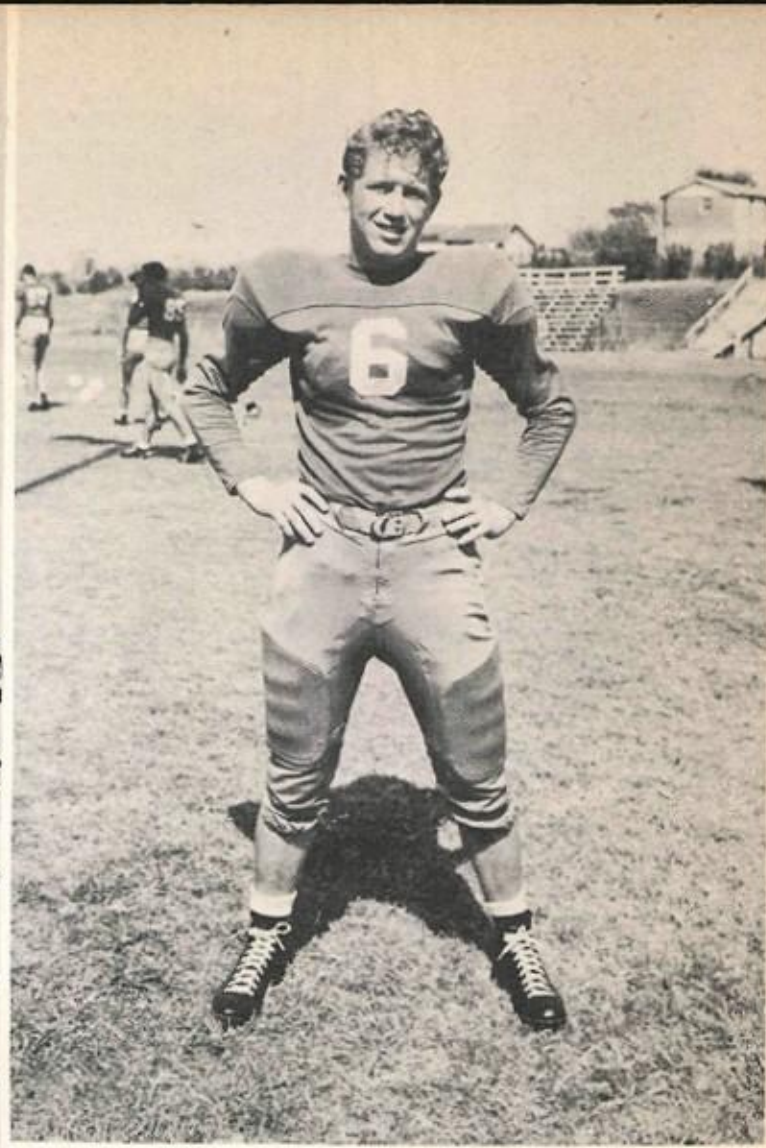

Herman was a regular who submarined through many a line. He played guard and will be back next season.

TOMMY WINTLE

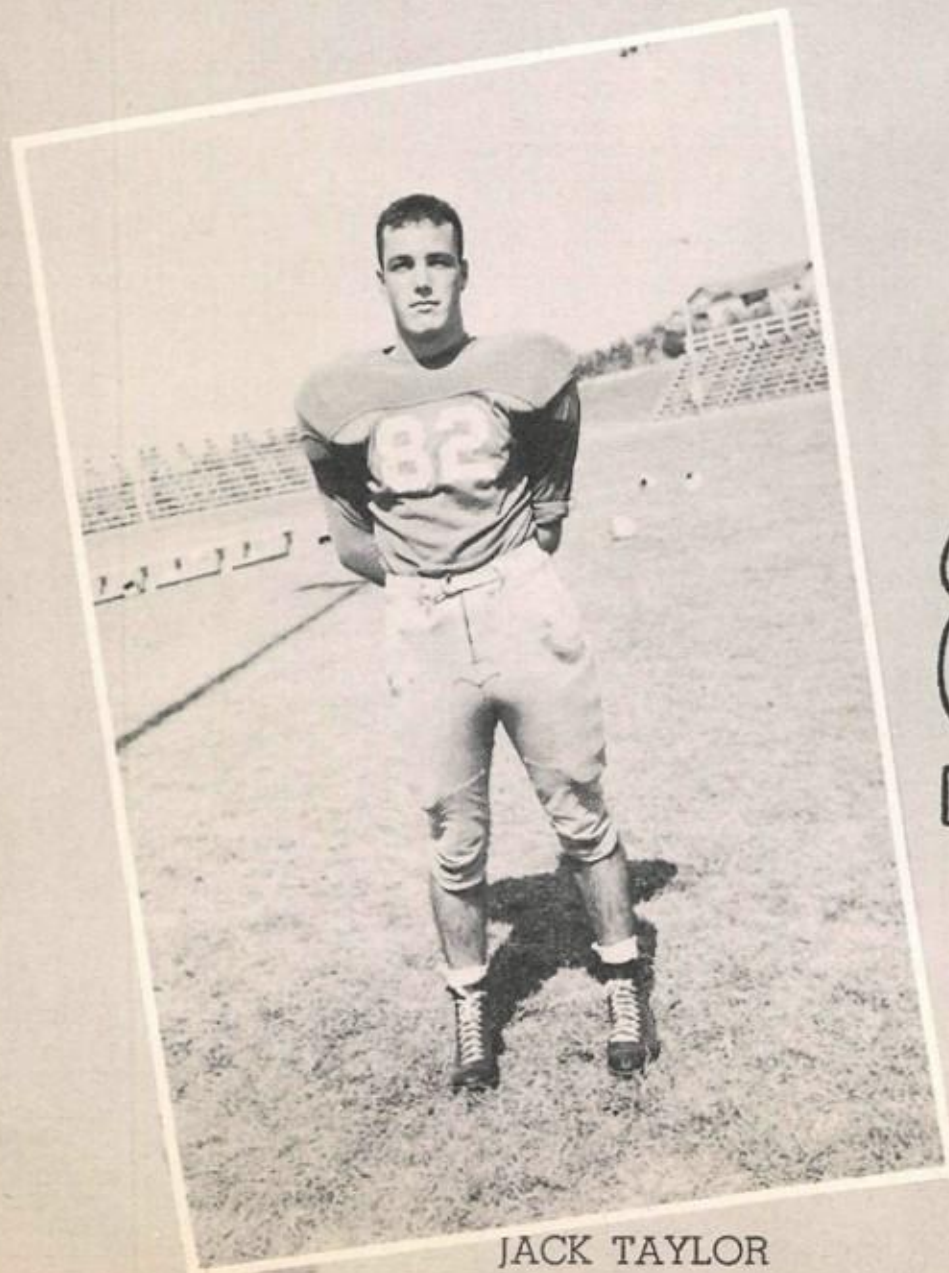

The action in which "Tulsa" participated gave proof that his brain power equaled his brawn. He played guard for the '43 pack.

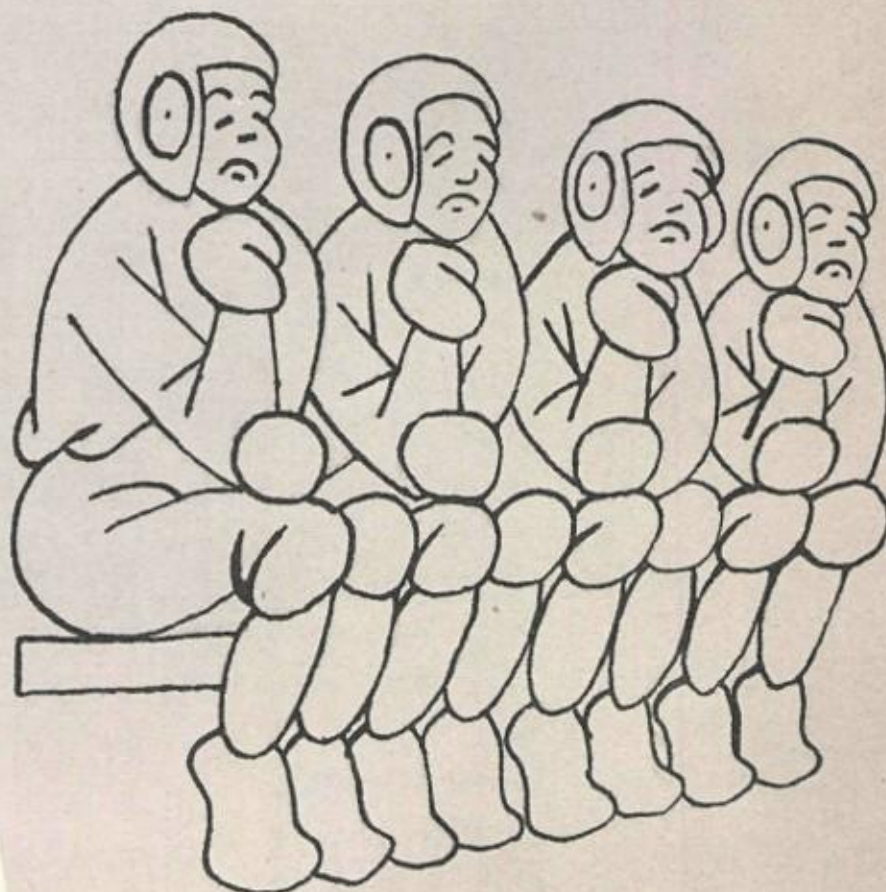

PAUL HADLEY

Blocking out many aggressors, Paul won a high

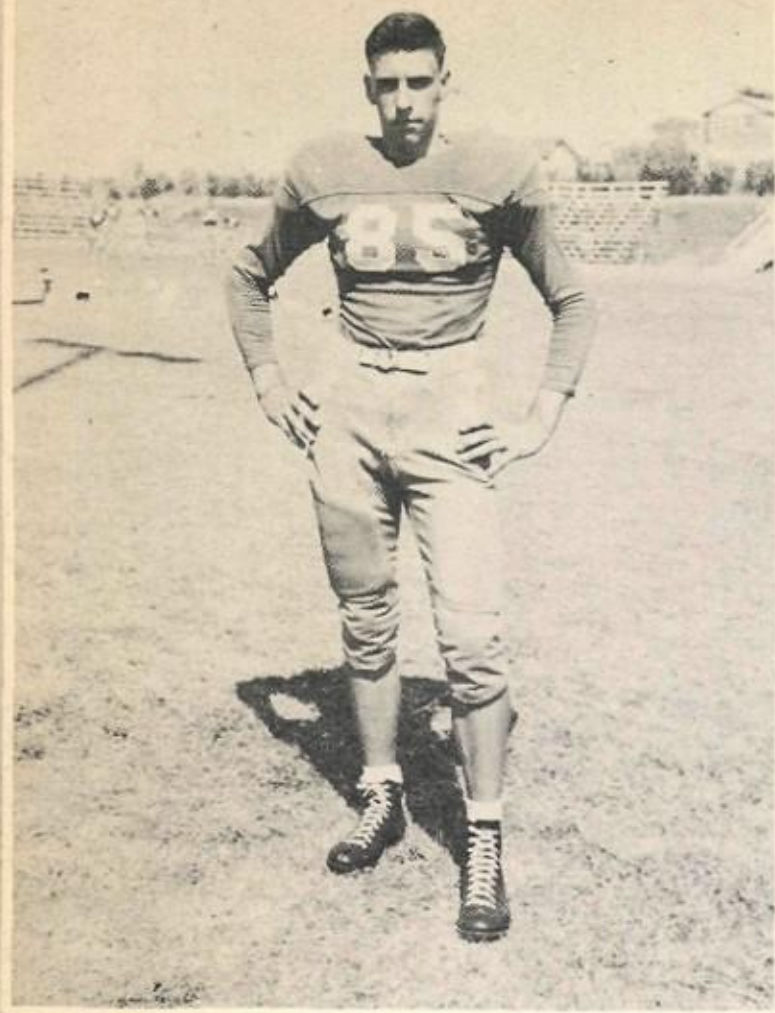

place on the team. His finesse was present in all games.

JACK TAYLOR

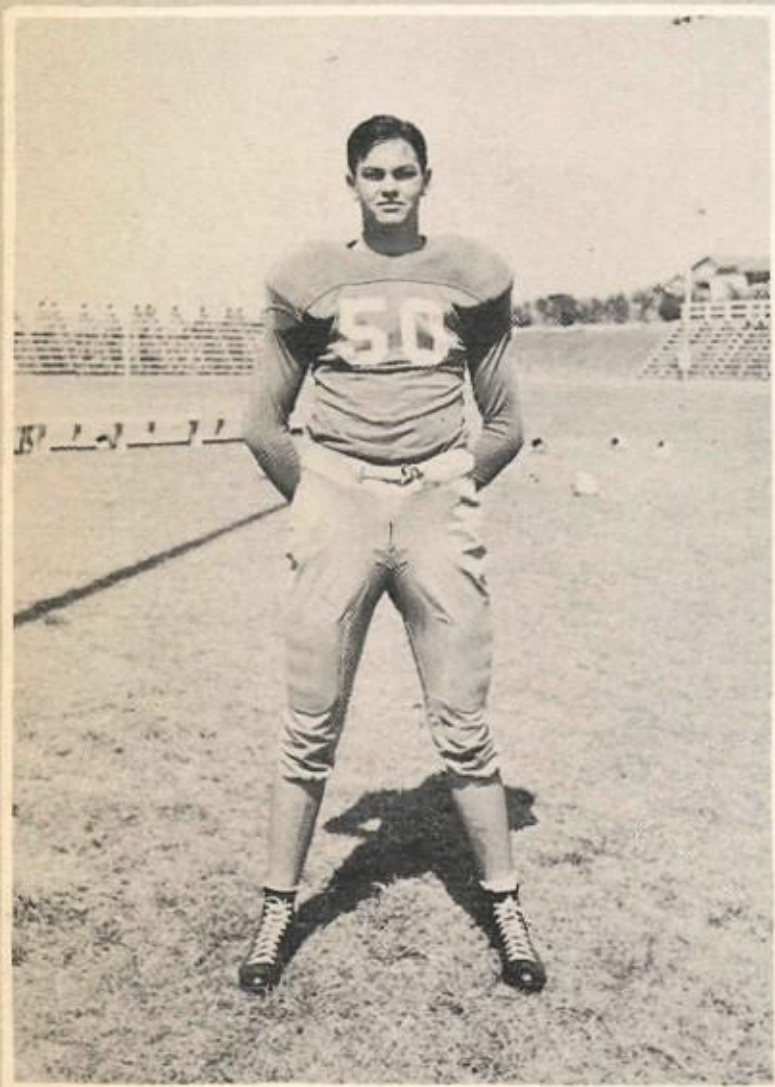

Jack, who played the hard earned position of guard in '43, will be of great benefit to next year's team.

AUGUST PELZ

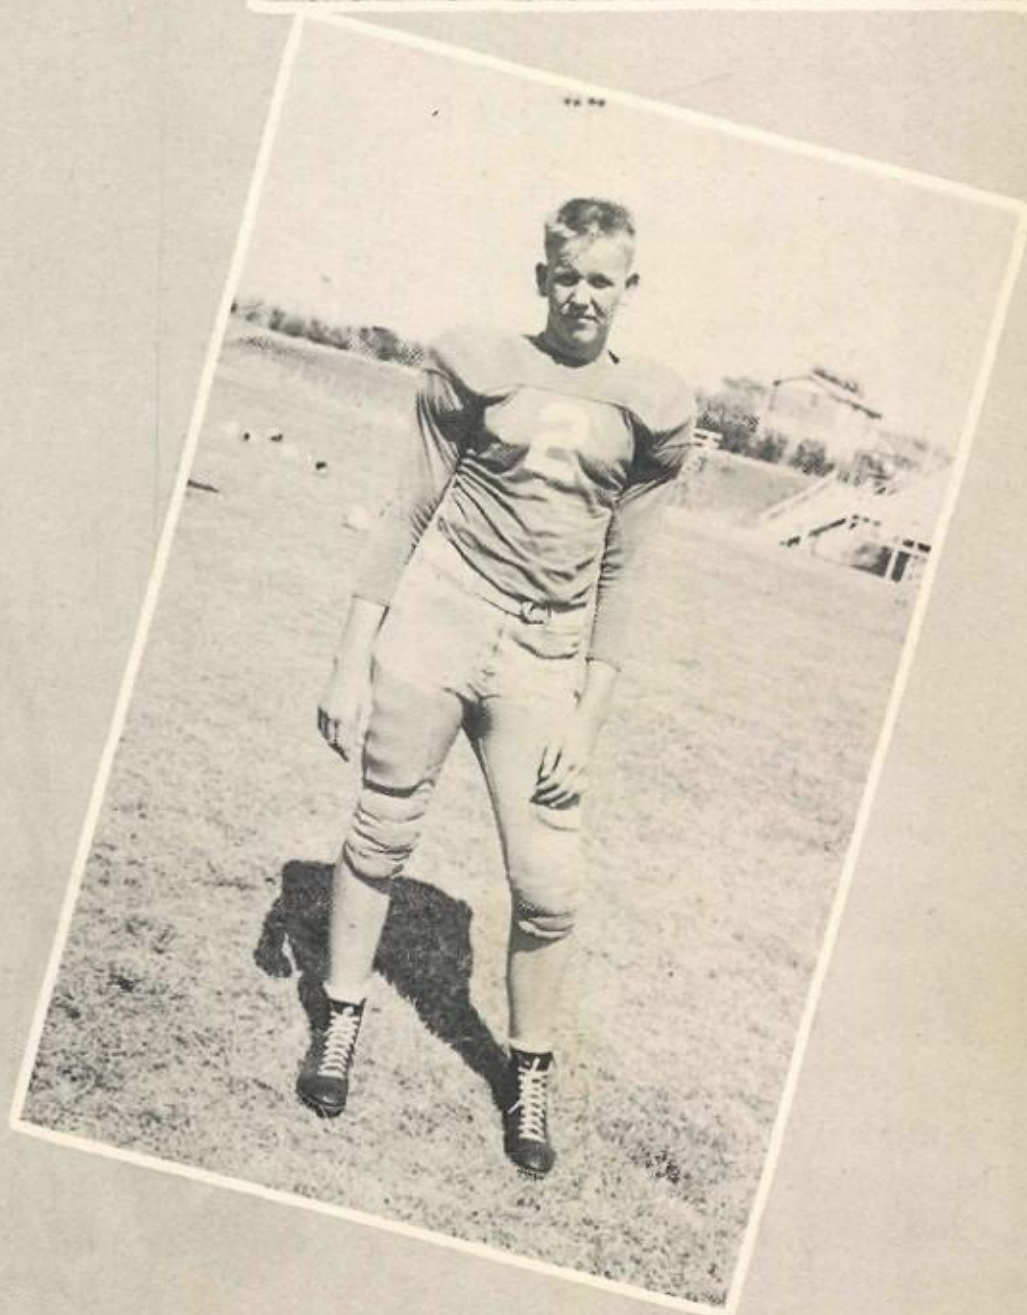

August saw considerable service this season and quarterbacked some. He is an excellent passer and will return next season.

BILL PROCTOR
"Big Dog" with his enormity of size and determination to play football made an unforgettable sportsmanship record. He is now working for Uncle Sam's army.

ELVIN KAYS

"Timber's" determination won for him the respect of both coach and teammates. The chances are even that he will play tackle on the '44 pack.

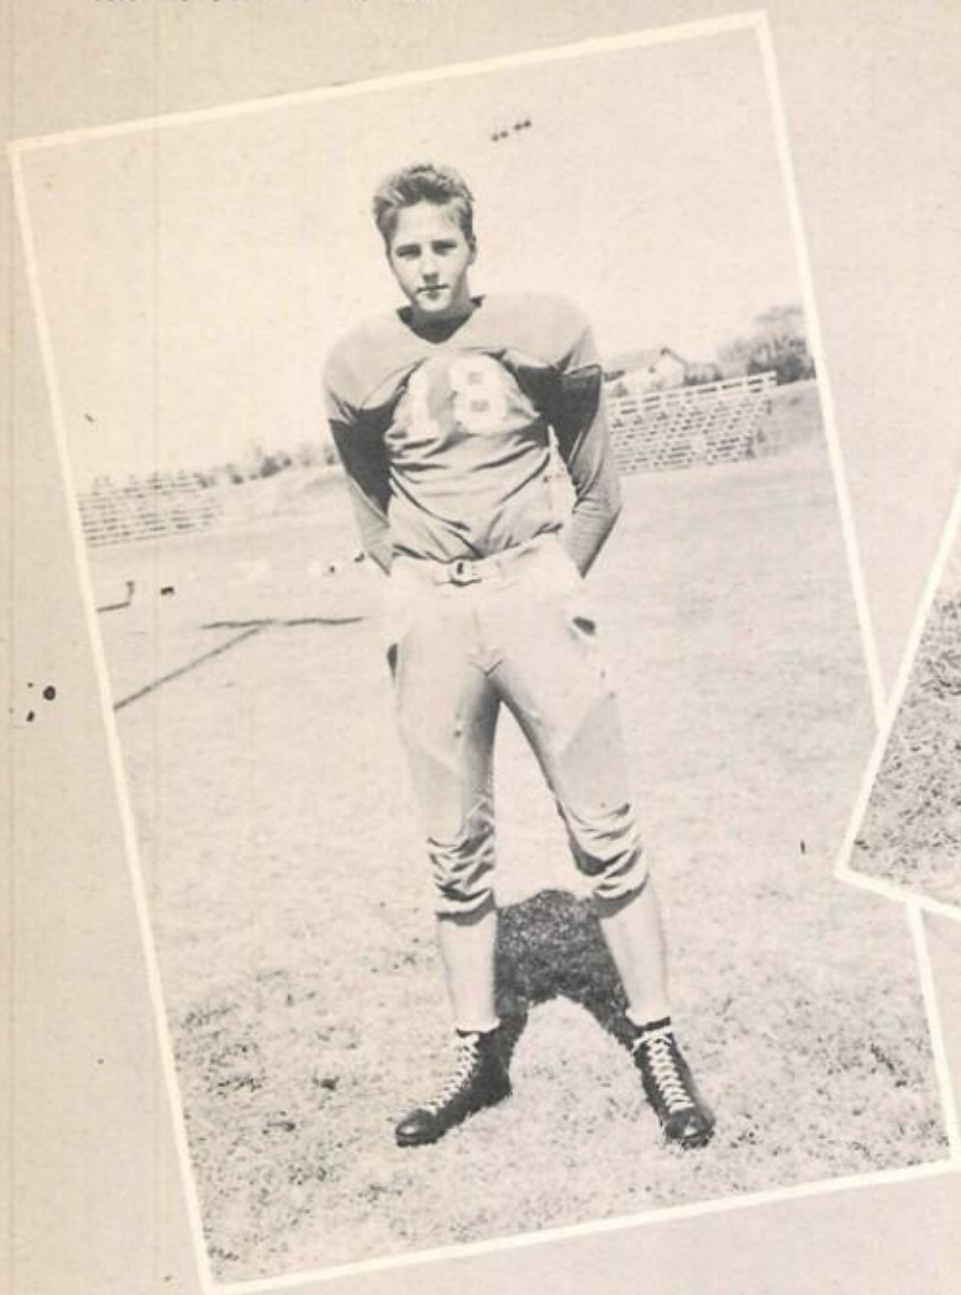

BRUCE FRAZEE

Starting several games, Bruce played well considering his experience. Bruce's position on the '43 team was tackle.

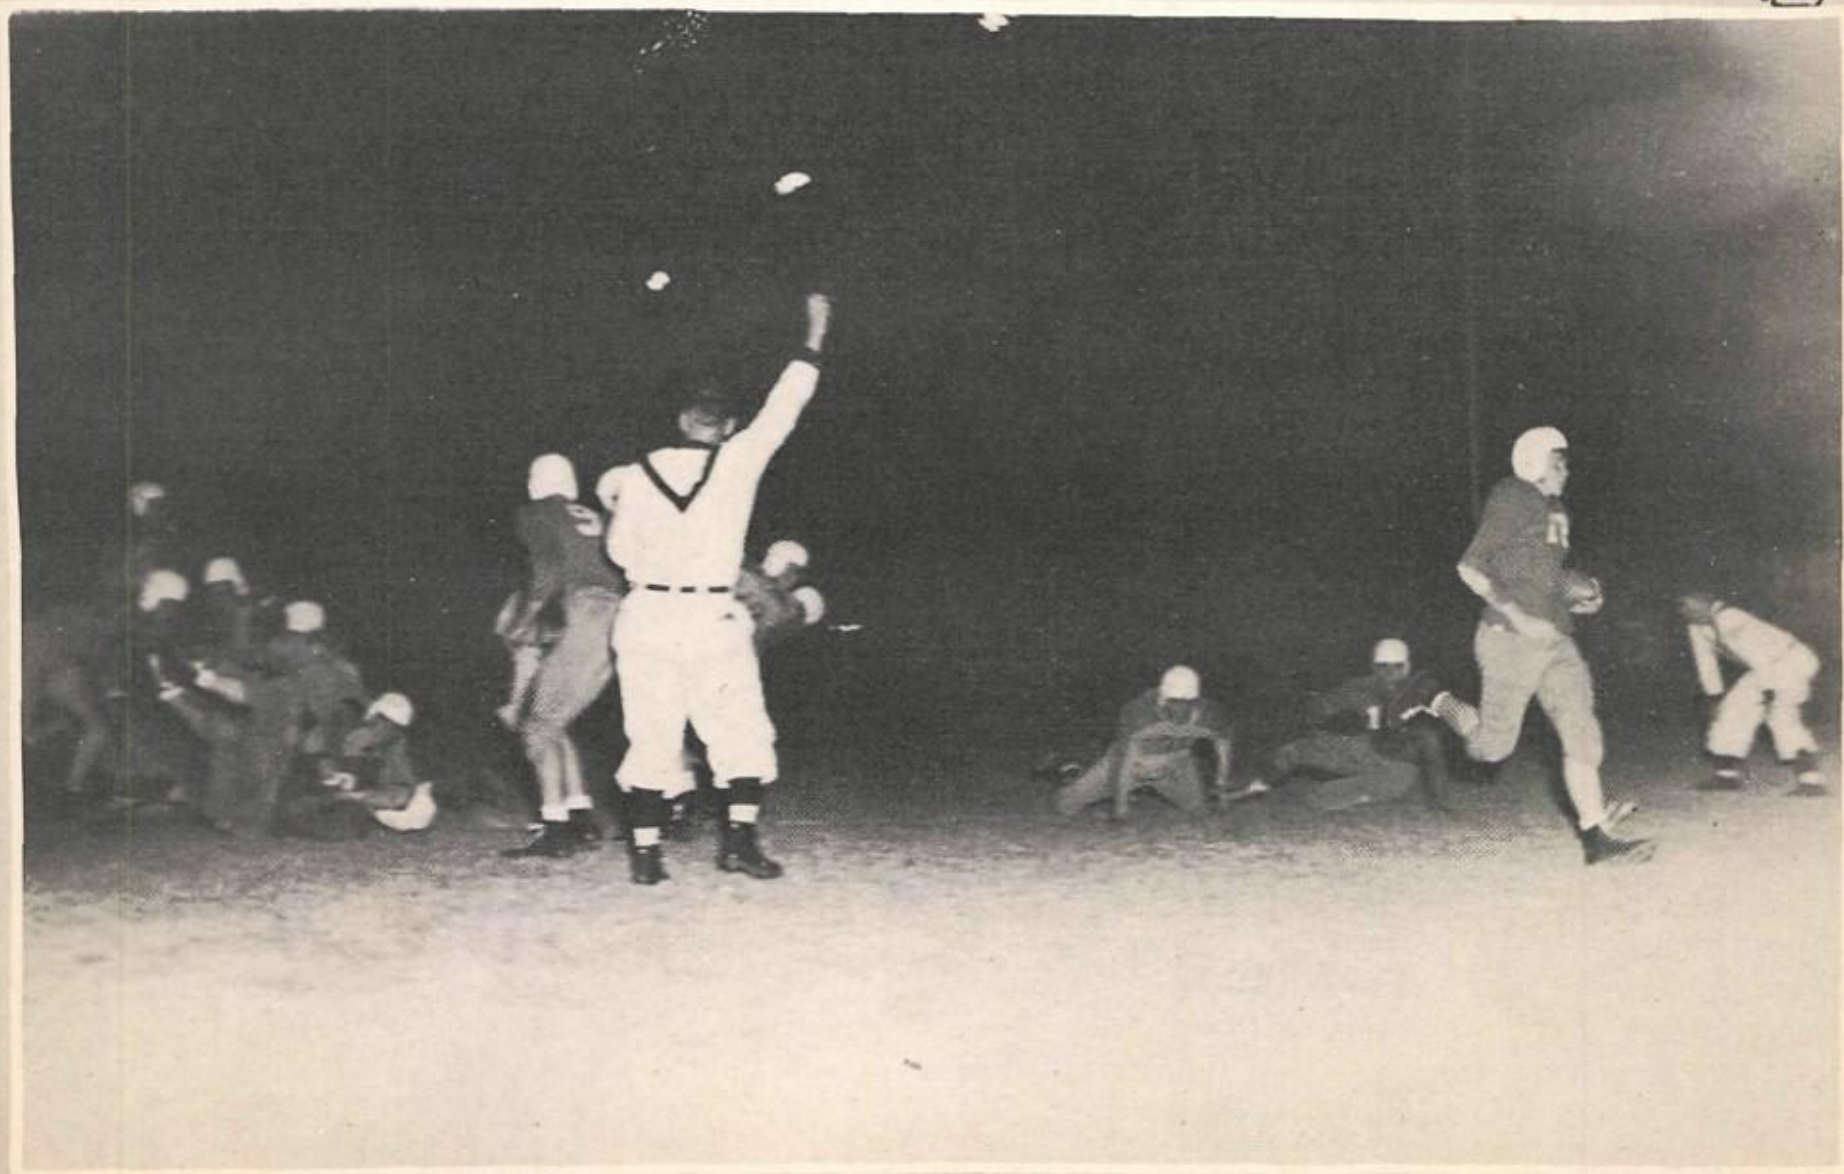

PHILLIP ALLEN

Phillip's reserve action will be good experience for next year. Phillip played tackle on the '43 team.

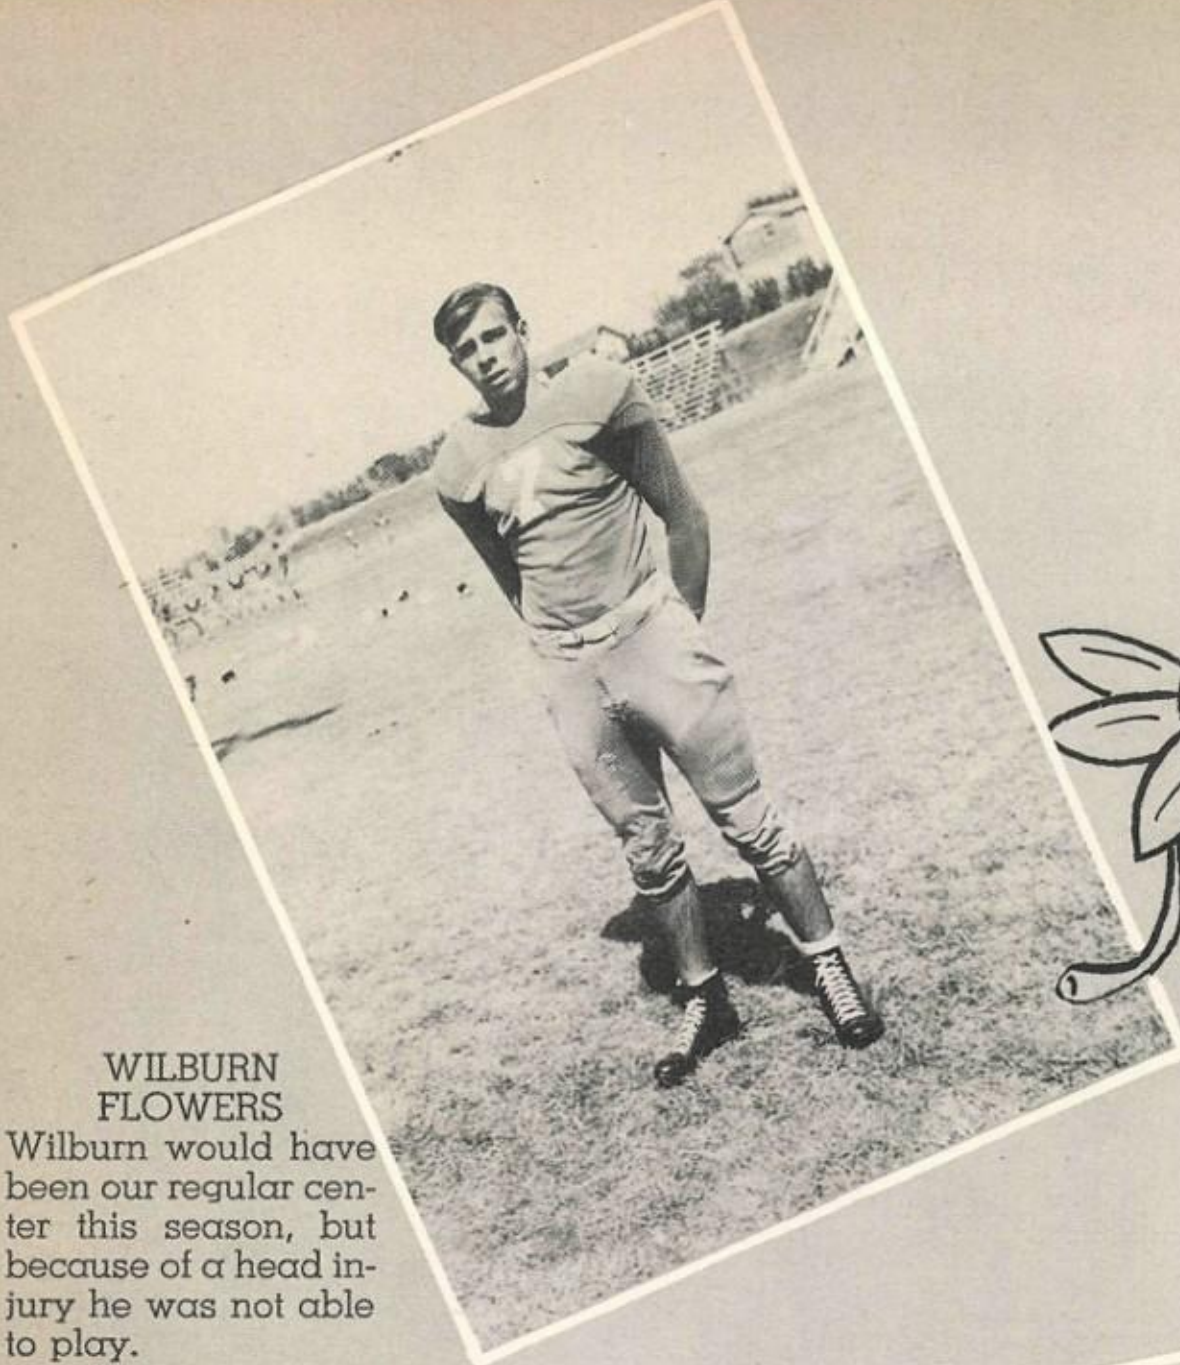

DONALD OWEN

As captain of the team, "Musty" sparked the defensive play in many a hard fought game. His alertness on both defense and offense proved his ability to hold down the sometimes difficult position of captain.

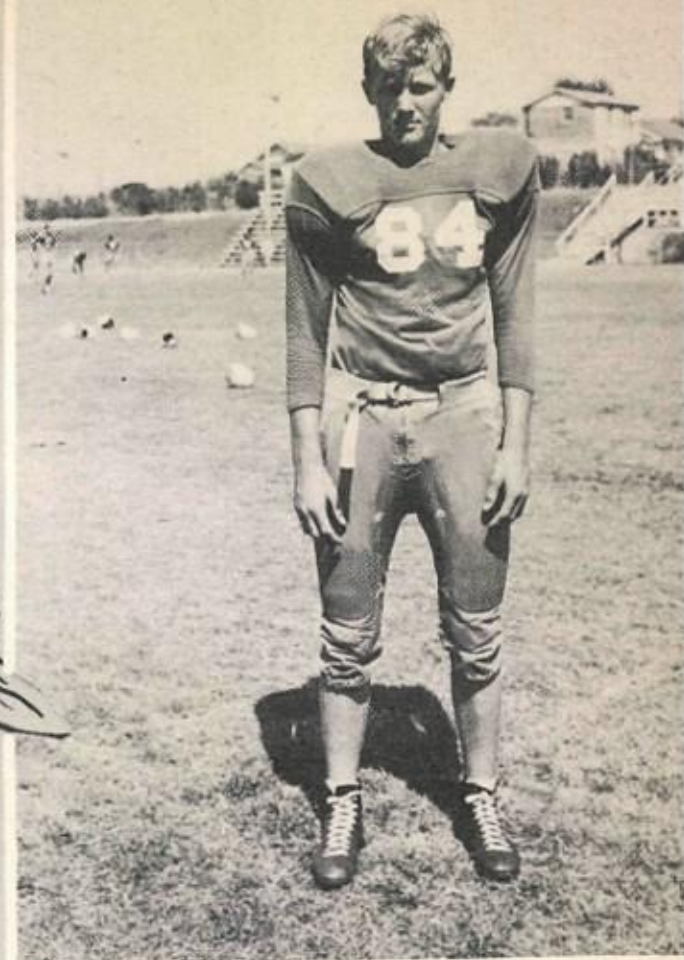

Coyotes vs. Zuanah

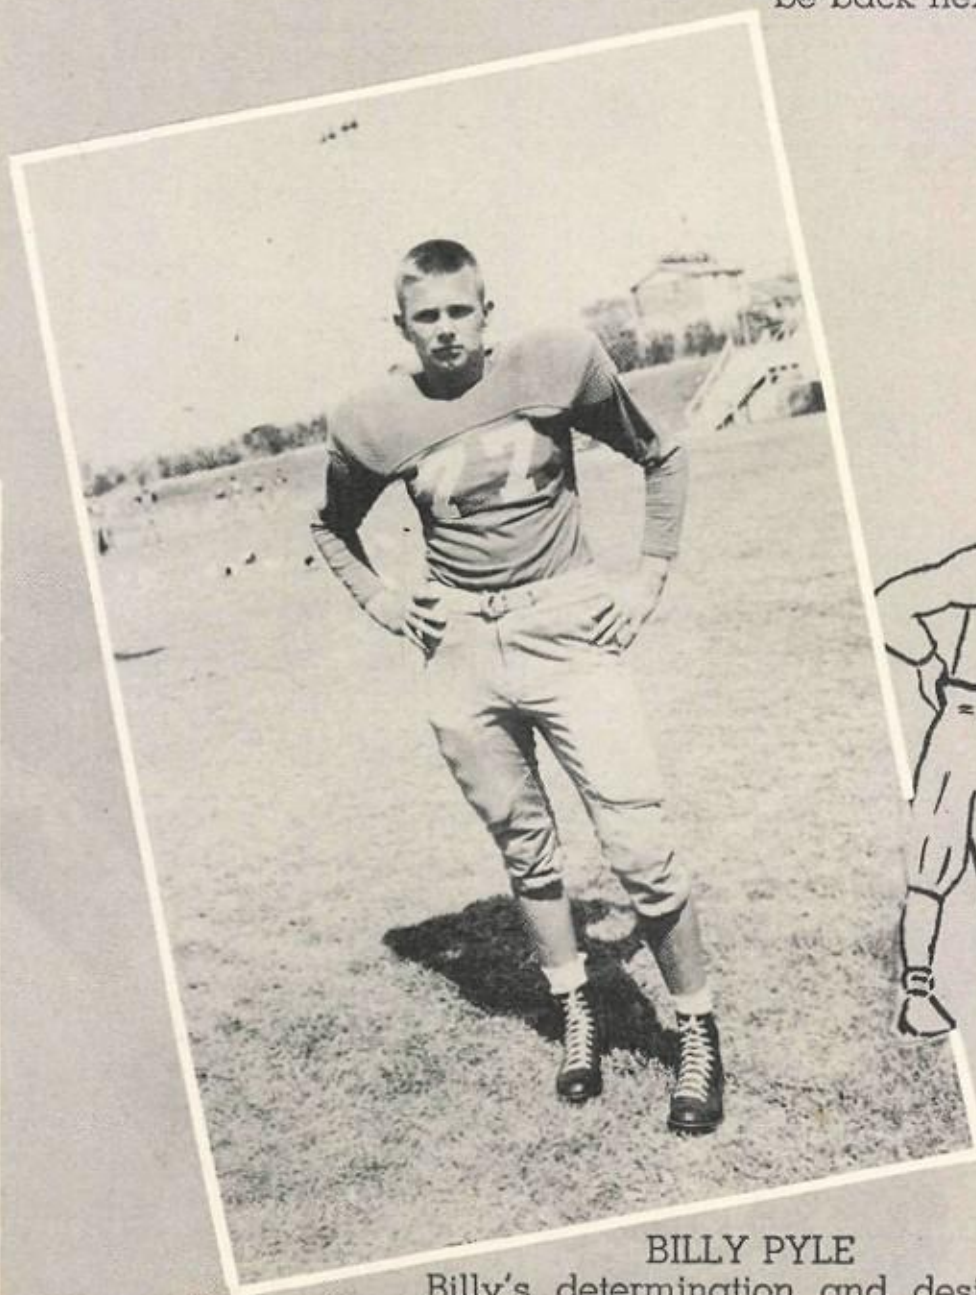

WILBURN FLOWERS

Wilburn would have been our regular center this season, but because of a head injury he was not able to play.

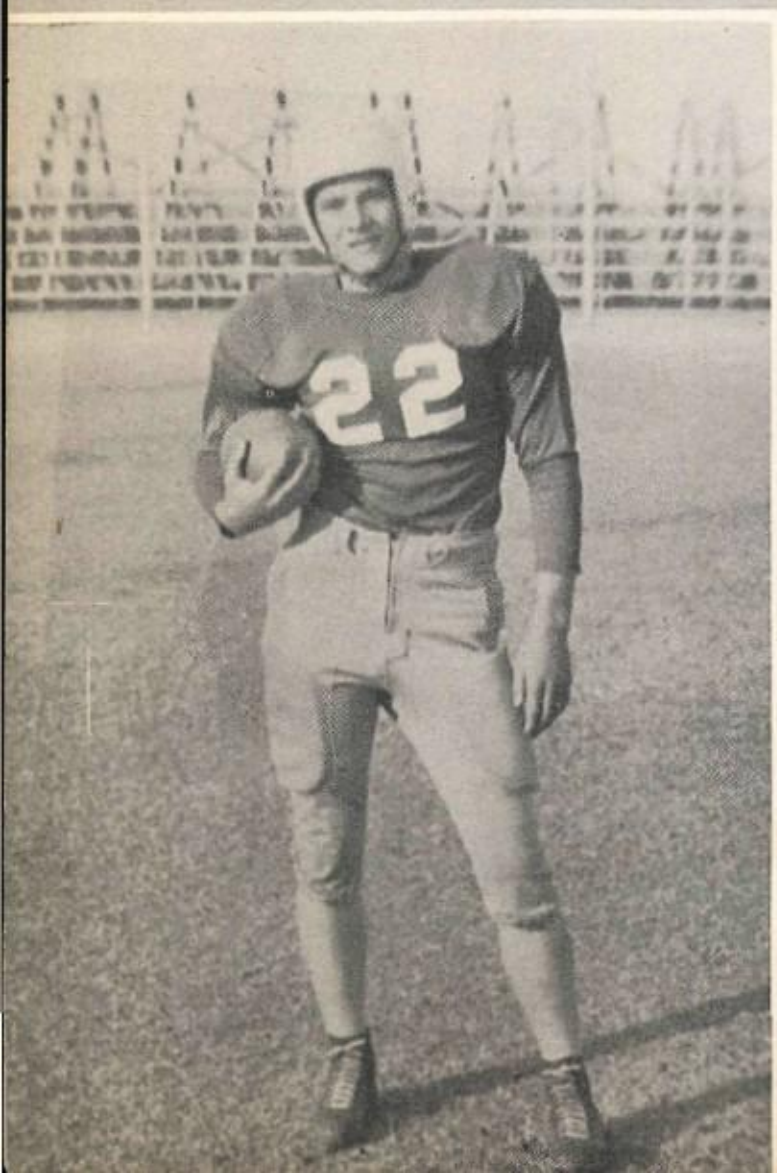

DICK HARRIS

Playing a wonderful season as center, Dick earned himself a slot on the second string of the All-District team. He played regular and will be back next season.

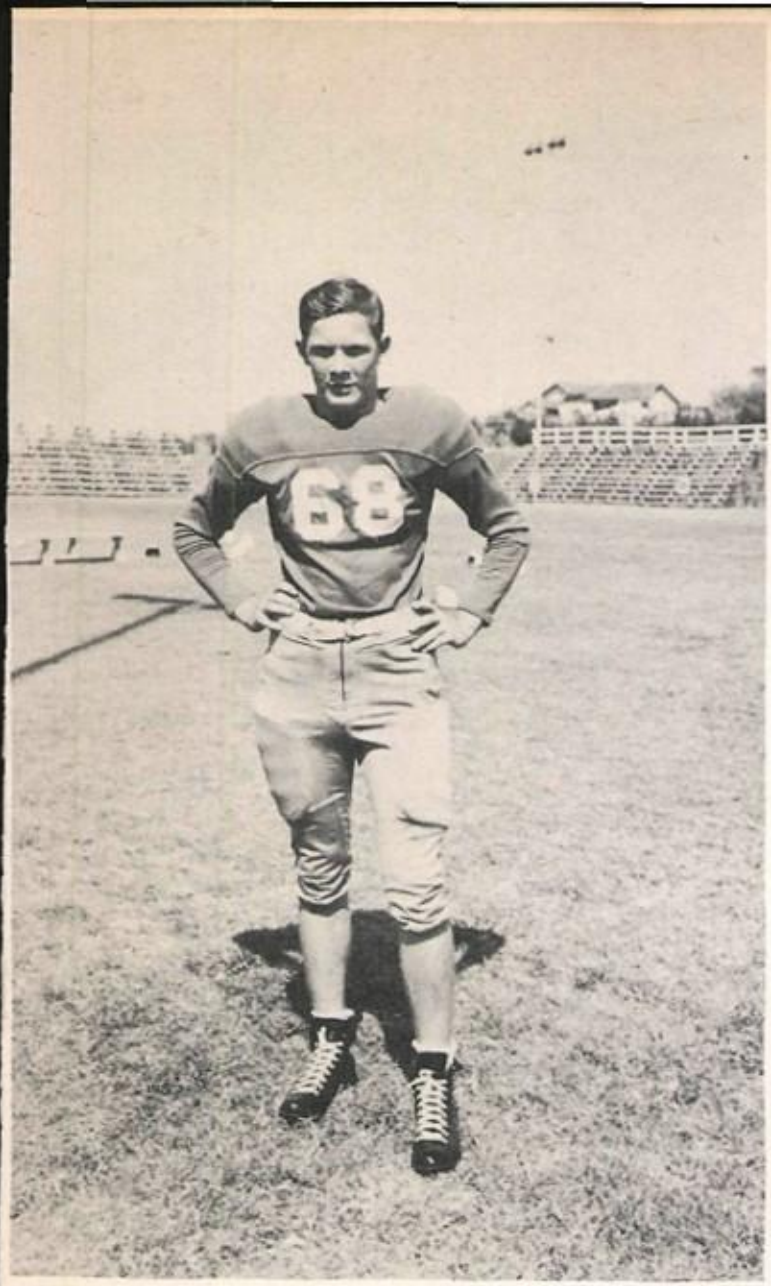

BILLY H. SMITH

Billy played center with lots of determination, and he's plenty tough. Seeing service this year as a reserve, Billy will be back next season.

BILLY PYLE

Billy's determination and desire to play football won for him both the respect of the players as well as the coach. He played center on the '43 team and will be back next season.

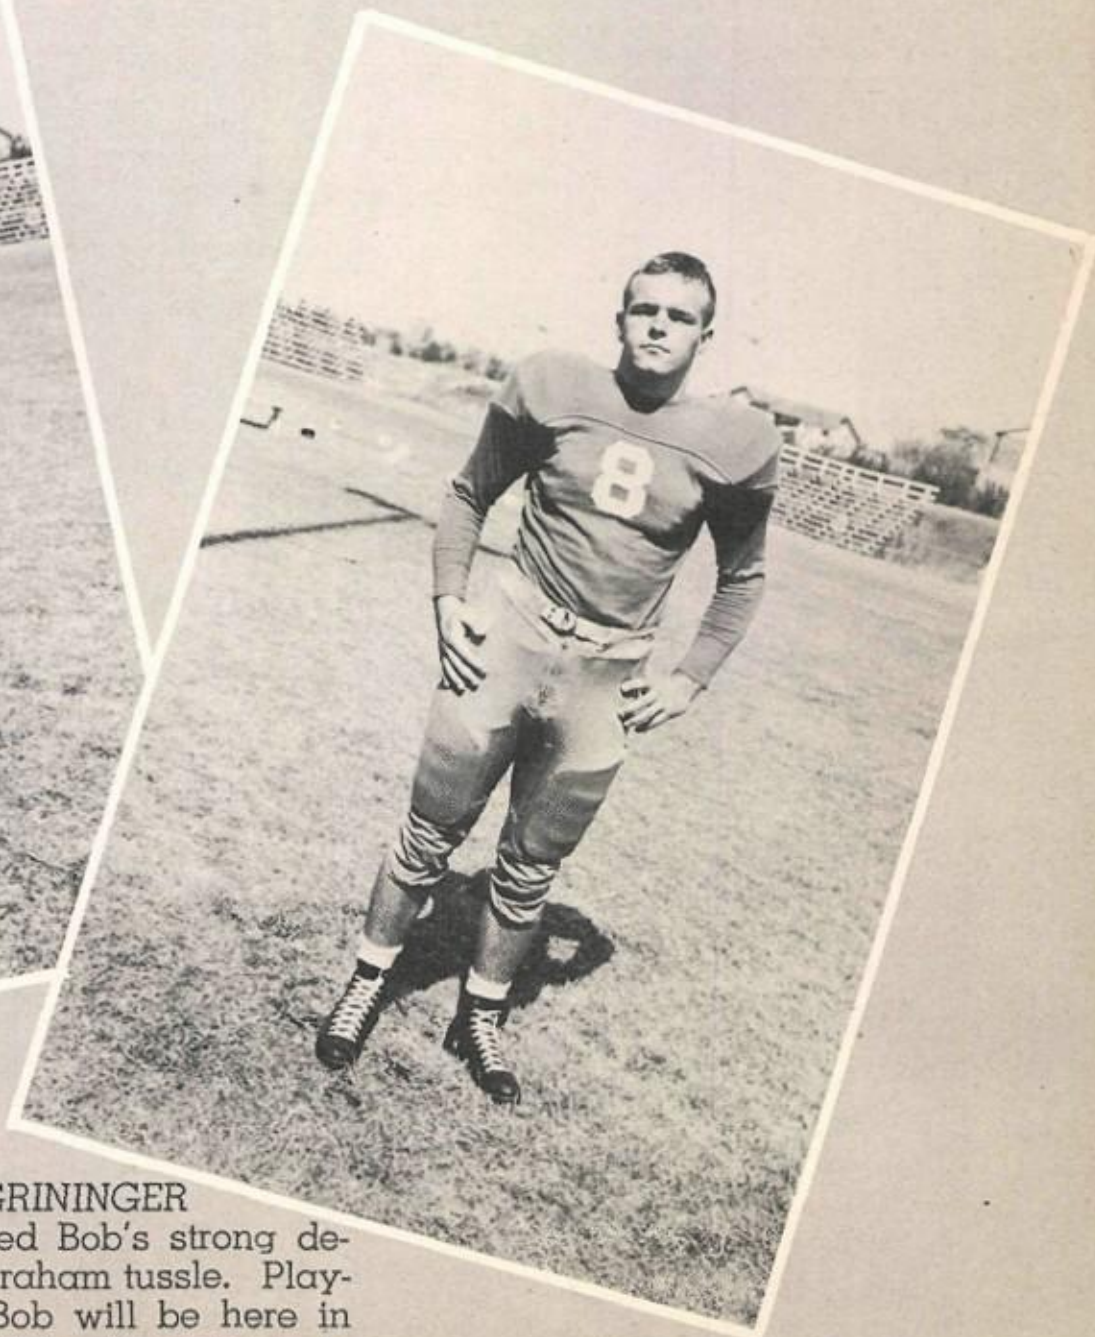

WAYNE
HOLDER

As a backfield reserve, Wayne's defensive playing was tops. He's fast and should really go places next season as back.

BILL
BOLIN

Seeing considerable service his last season, "Wild Bill" did some fancy ball-carrying. He played back on the '43 team.

BOB GRININGER

A game which showed Bob's strong determination was the Graham tussle. Playing back this year, Bob will be here in season '44 to dish out lots of resistance to the opposing teams.

ROBERT RAY

Robert's ear for signals will be tuned in on future seasons. He played center this last season.

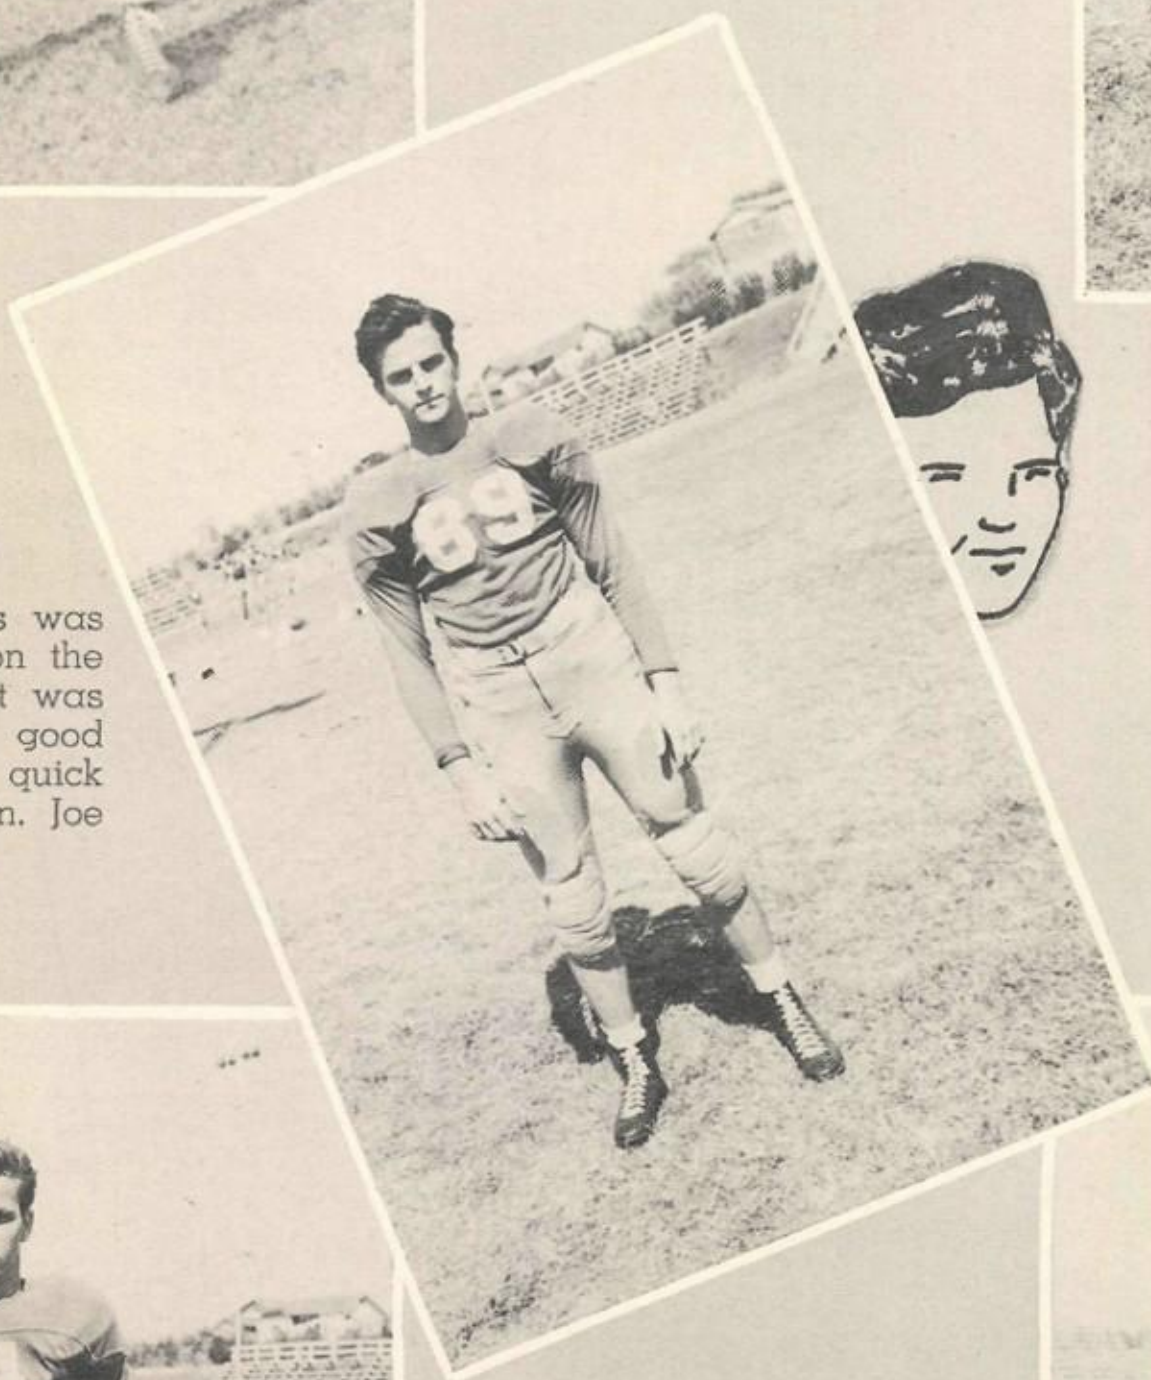

BILLY MANN

Making himself well known for P. A. (punting ability), "Undercover" saw considerable service last season. He really punted the team out of rough places.

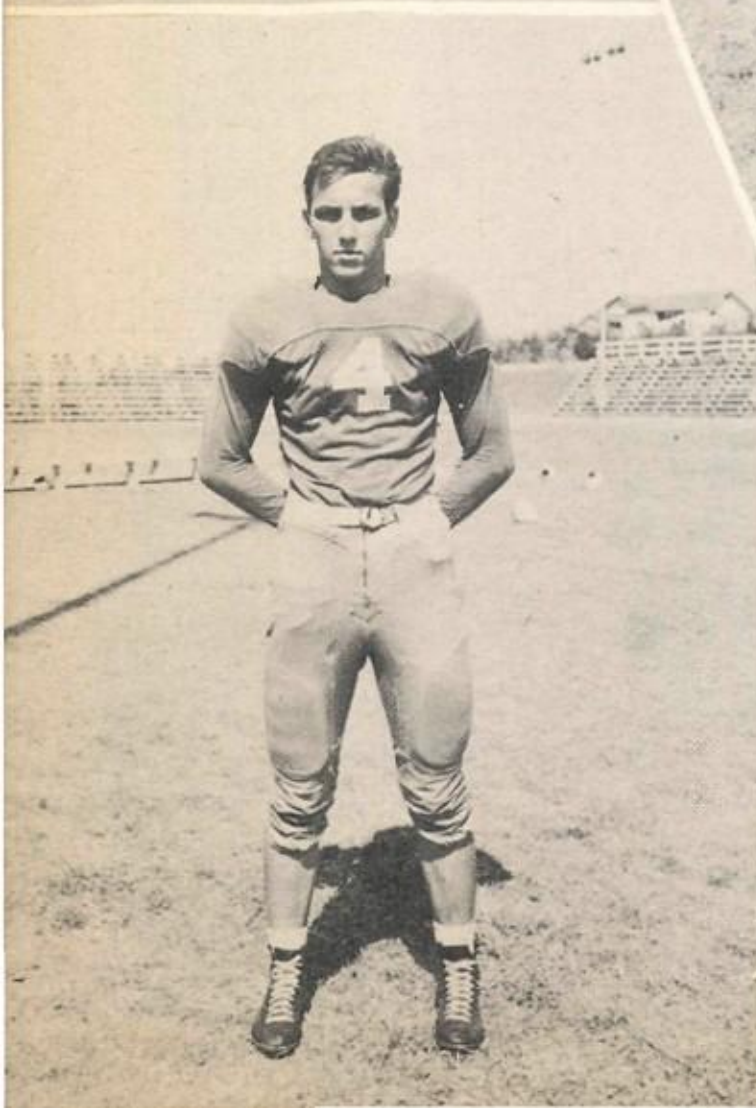

JOE DEAN TIDWELL

Even though this was Joe's first year on the Coyote eleven, it was crammed with good defensive and quick powerhouse action. Joe played halfback.

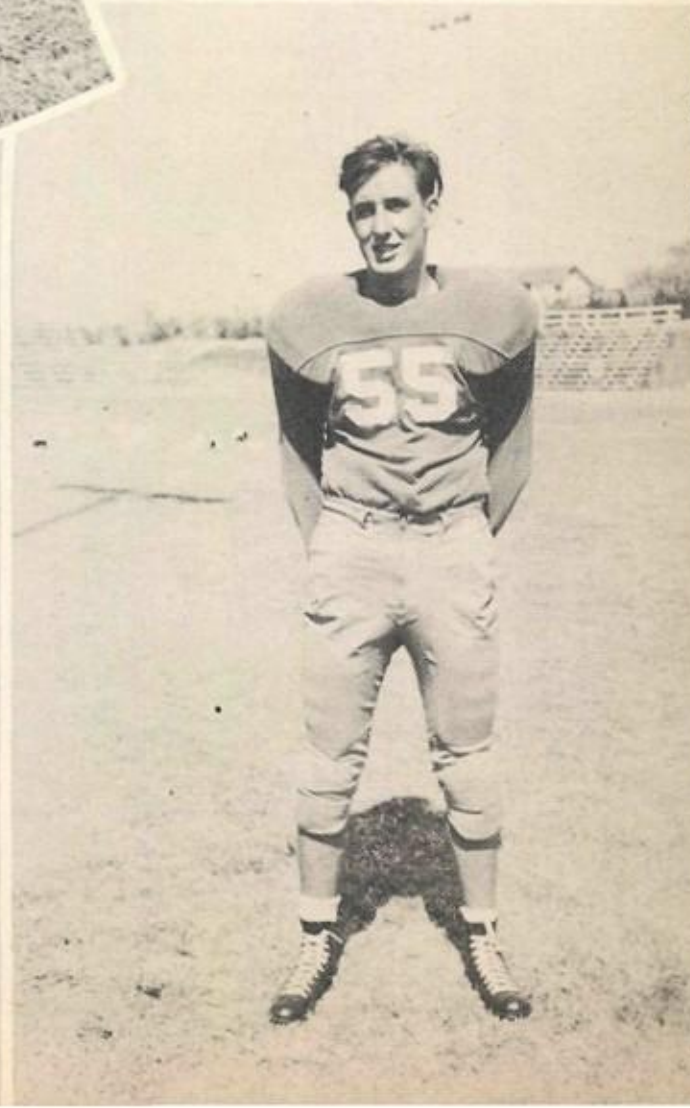

BOBBY BOLIN

"C.B." did some good playing his last season. Playing tailback, he was fast and elusive on his feet.

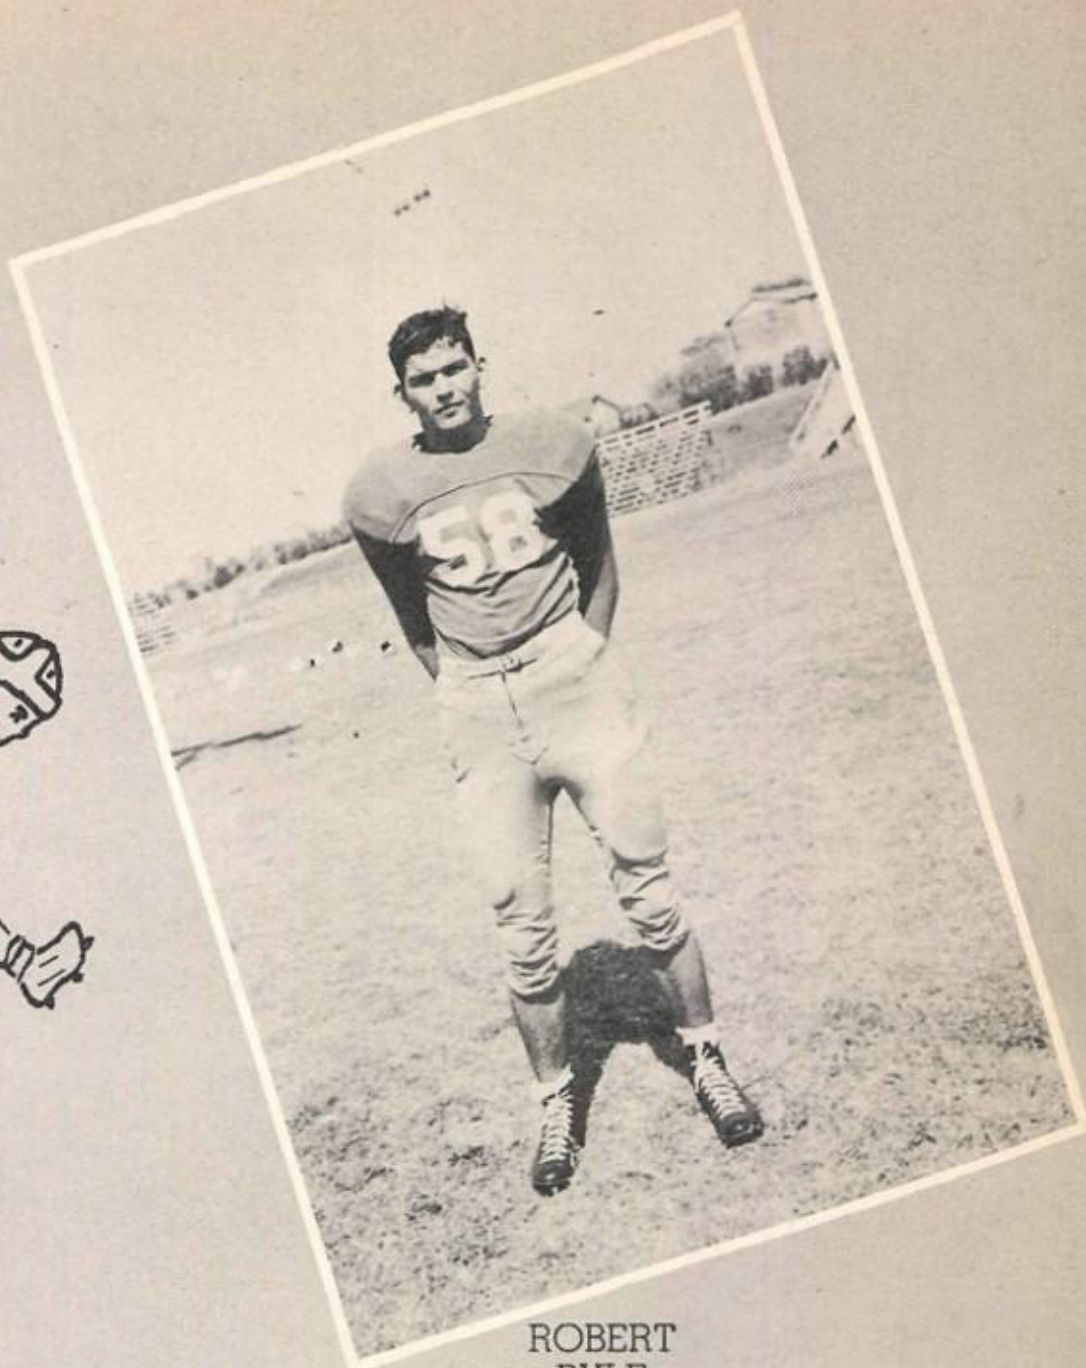

BOB BALLARD

Bob, as a reserve back, didn't see too much service this season. He will be back in '44 to make up for this.

Editor's Note

This page denotes the end of another school year and another edition of the COYOTE. In spite of wartime shortages and other difficulties which have confronted staff members, work on the book has not been hampered to any great extent. Credit for this is due largely to the many people and organizations who have cooperated with us in giving their assistance. To all we say, "Thank you." Yet, there are some to whom we feel a deeper sense of gratitude. These we wish to mention.

The photography of the book in general was handled by two willing student photographers, Dale Miller and Leroy Harris. They, with the capable assistance of Mr. Leroy Stone, were responsible for taking, developing and printing all feature and club pictures.

To Mr. Freeman and the entire office force go our gratitude for their help in checking and classifying names and in assisting in other routine matters. Our sincere thanks go to Miss Boscomb for her hearty cooperation in giving publicity to our announcements and contests. Miss Elizabeth Geer and the Footlight Players deserve a note of appreciation for help rendered in all of our assembly announcements and programs.

For help outside our school, we extend thanks to Arch Greenwood for our Favorites section, to the Wheat Photo Service of Houston, Texas, for our class pictures, and to our printer and publisher, The Steck Company, together with their representative, Mr. E. B. Winkler, for their promptness and gracious attention in dealing with all matters concerning the publication of the annual.

In compiling this book, editors of the different sections express the hope that you will enjoy the finished product fully as much as they have enjoyed doing it. It is our wish that the book may record for you the fun and gaiety of the 1944 school year and that you may cherish it as a memento of your friends and the happy times spent in WFSH.

May 15, 1944

Dearest Chris,

Honey, there just doesn't seem to be words or phrases of any type to describe our friendship. It's all been so perfect, without one little man or scratch, that it's terrible we might have to spoil it by my moving to Austin. Unless, of course, we can persuade your daddy into it, too.

Chris, remember that poem I gave you? Well, it still goes. "I love you for what I am when I am with you." That's what I am when I am with you. I land in, far in your character there is not one dark spot. I agree with someone else in that you should be put on a pedestal for all the world to see. You can do more with people than anyone I've ever known.

You're beautiful, you're sweet, kind, and wholesome — all the virtues some people would love to have separately, but you've got all of them. I haven't got much time, but I love you. Your perfect friendship has meant the world and all to me.

Well, Chris, I guess you know by now how I feel about you. I don't have much room to say how I feel, but then, I guess it doesn't take much. Chris, you are one of the sweetest girls I have ever known. You have more good common horse sense of any girl I know. Remember me for our little talks.

Honey, you are the most unaffected, sweet girl I have ever known. Chris, you don't think so but you have personality + looRa + don't let anybody ever tell you any different. Love from the bottom of my heart. So many of Williams

Dearest Chris,
as a warning you
has helped so much
much more than you
can imagine, I don't know what
I could have done without
your advice, and I will always
adore you, and I will always
wish that I could have one half as
sweet. I'll always remember all your traits;
how pretty you are, how sweet, and how that
wonderful it is to be with you. I know that
you'll always have the best of everything since
you are the best.

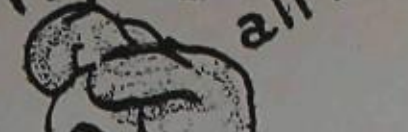

Be Sweet!
Gloria
